A. The Prime Minister personally handles every single government function nationwide
B. Real administration is distributed across ministries, states, and local bodies
C. Local government is generally unimportant
D. All of the above are accurate myths worth correcting

Correct Answer: Option A

Short Explanation:
It is a common misconception that the PM personally manages everything; in reality, administration is distributed across many levels and bodies.

Question 27

Why might all centrally sponsored schemes NOT work identically across every state?

A. Because central schemes are illegal in some states
B. Because implementation often varies by state, based on local rules and administrative capacity
C. Because only one state is allowed to implement any scheme
D. Because central schemes have no connection to states at all

Correct Answer: Option B

Short Explanation:
Even when a scheme is centrally designed, actual implementation can differ across states due to varying local capacity and rules.

Question 28

Short Explanation:
e-KYC enables quick, paperless identity verification using Aadhaar-based authentication.

Question 81

Which of these best reflects a myth about ration cards addressed in this module?

A. Ration cards only work in the cardholder's home state
B. Under ONORC, ration cards work at any Fair Price Shop across India
C. Ration cards are linked to Aadhaar
D. Ration cards support the Public Distribution System

Correct Answer: Option A

Short Explanation:
This is a myth; under ONORC, ration cards are portable and usable at any Fair Price Shop nationwide, not just in the home state.

Question 82

Which of these best reflects a common mistake related to identity documents?

A. Registering a birth within 21 days
B. Posting Aadhaar, PAN, or passport copies publicly on social media
C. Using masked Aadhaar for physical copies
D. Renewing a passport before it expires

Correct Answer: Option B

Short Explanation:
Publicly posting identity document copies is a common and risky mistake that can expose citizens to identity theft or fraud.

Question 83

What should a family do before a child's school admission, related to identity documents?

A. Nothing is needed
B. Ensure the child's birth certificate is registered
C. Apply for a Voter ID for the child
D. Apply for a Driving Licence for the child

Correct Answer: Option B

Short Explanation:
A registered birth certificate is a foundational document typically required for school admissions.

Question 84

Which of these best reflects why PAN is described as valid "for life"?

A. PAN must be renewed every 5 years
B. Once issued, PAN generally does not need reapplication regardless of address changes
C. PAN expires after 10 years
D. PAN must be reissued every time you change jobs

Correct Answer: Option B

Short Explanation:
Unlike some other documents, PAN remains valid for life; only updates like address changes need to be made, not reapplication.

Question 85

Which of these best describes the purpose of "Aadhaar Authentication History"?

A. A record of your bank balance
B. A feature letting you check when and where your Aadhaar was used for authentication
C. A list of your voting history
D. A record of your driving violations

Correct Answer: Option B

Short Explanation:
Checking your Aadhaar Authentication History helps you spot any unauthorised or unfamiliar use of your Aadhaar for verification.

Question 86

Which of these is the correct process order for obtaining a new Aadhaar card?

A. Receive Aadhaar letter first, then visit an enrolment centre
B. Visit an enrolment centre with ID/address proof, complete biometric capture, then receive the Aadhaar letter after processing
C. Apply only online with no biometric requirement
D. Aadhaar is issued automatically at birth with no application needed

Correct Answer: Option B

Short Explanation:
Aadhaar enrolment requires visiting a centre in person for document submission and biometric capture before the Aadhaar letter is issued.

Question 87

What is a key advantage of the "PAN 2.0" unified portal?

A. It requires citizens to pay a large reapplication fee
B. It consolidates three separate PAN service portals into one, with QR-code verification
C. It eliminates PAN entirely in favour of Aadhaar
D. It removes online PAN services altogether

Correct Answer: Option B

Short Explanation:
PAN 2.0 simplifies PAN services by unifying multiple portals into one and adding secure QR-code verification.

Question 88

Which government ministry oversees Driving Licence standards through the Sarathi/Parivahan framework?

A. Ministry of External Affairs
B. Ministry of Road Transport and Highways
C. Ministry of Home Affairs
D. Ministry of Finance

Correct Answer: Option B

Short Explanation:
The Ministry of Road Transport and Highways oversees Driving Licence standards and the Sarathi/Parivahan digital platform.

Question 89

Which of these best reflects the correct handling of a deceased family member's affairs regarding documents?

A. No registration or documentation is needed
B. Register the death with the local Registrar, ideally within 21 days, for use in settling inheritance and other matters
C. Only a lawyer can register a death
D. Death registration is optional and rarely necessary

Correct Answer: Option B

Short Explanation:
Registering a death promptly provides the official documentation needed for inheritance, insurance, and other legal processes.

Question 90

Which of these best reflects safe practice when applying for any of these documents online?

A. Use unofficial third-party websites for convenience
B. Apply only through official government portals (uidai.gov.in, incometax.gov.in, etc.)
C. Share your Aadhaar OTP with any website requesting it
D. Skip document verification steps entirely

Correct Answer: Option B

Short Explanation:
Applying only through verified official portals protects you from fraudulent websites attempting to collect personal data.

Question 91

Which of these is the correct definition of "digital identity," as covered in this module?

A. Only your Aadhaar number
B. The complete online representation built from your combined government IDs, profiles, and behaviour
C. A single password used across all accounts
D. A physical ID card only

Correct Answer: Option B

Short Explanation:
Digital identity encompasses the full combination of your data points online, extending beyond any single document.

Question 92

Which of these best reflects why "Importance of Digital Identity" is included alongside physical documents in this module?

A. Digital identity has no real-world relevance
B. India's identity ecosystem increasingly relies on verified digital equivalents like DigiLocker, alongside physical documents
C. Digital identity has completely replaced all physical documents
D. Digital identity only applies to businesses, not individuals

Correct Answer: Option B

Short Explanation:
As India's identity ecosystem evolves, understanding both physical documents and their verified digital equivalents is increasingly essential.

Question 93

What is the correct definition of "Fair Price Shop" in the context of ration cards?

A. A discount electronics store
B. A shop distributing subsidised food grains under the Public Distribution System
C. A government tax office
D. A private bank branch

Correct Answer: Option B

Short Explanation:
Fair Price Shops are the designated outlets through which ration card holders access subsidised food grains under the PDS.

Question 94

Which of these best reflects appropriate action if you're moving states for work and rely on your ration card?

A. Apply for an entirely new ration card in the new state
B. Rely on ONORC, which allows your existing ration card to work at Fair Price Shops nationwide
C. Give up your ration card benefits permanently
D. Assume ration cards cannot be used outside your home district

Correct Answer: Option B

Short Explanation:
Thanks to ONORC, migrant workers can continue accessing their ration entitlements from any Fair Price Shop across India without a new card.

Question 95

Which of these best reflects the correct approach to renewing time-bound documents like passports and Driving Licences?

A. Wait until they expire before taking any action
B. Renew well before expiry, especially before planned travel
C. Assume these documents never expire
D. Only renew if requested by a government office

Correct Answer: Option B

Short Explanation:
Proactively renewing before expiry avoids last-minute complications, especially when travel or driving plans are involved.

Question 96

Which of these is the correct description of "UIDAI"?

A. A private data broker
B. The Unique Identification Authority of India, which issues Aadhaar
C. A banking regulator
D. A state transport department

Correct Answer: Option B

Short Explanation:
UIDAI is the statutory government body specifically responsible for Aadhaar enrolment, updates, and authentication standards.

Question 97

Which of these best reflects a responsible habit for managing multiple identity documents?

A. Keep no record of which documents need renewal
B. Maintain a personal checklist of documents and their renewal timelines
C. Assume all documents renew themselves automatically
D. Store all documents only as physical copies with no digital backup

Correct Answer: Option B

Short Explanation:
Maintaining a personal renewal checklist helps prevent documents like passports and licences from lapsing unexpectedly.

Question 98

Which of these best reflects the appropriate response to an SMS claiming your Aadhaar will be deactivated unless you click a link?

A. Click the link immediately to prevent deactivation
B. Ignore the link and verify your Aadhaar status directly via the official UIDAI website or app
C. Reply with your Aadhaar number to confirm
D. Share the link with others to verify collectively

Correct Answer: Option B

Short Explanation:
Such messages are a common fraud pattern; verifying directly through official UIDAI channels avoids falling for the scam.

Question 99

Which of these best reflects the overall theme connecting Aadhaar, PAN, Voter ID, Passport, Driving Licence, and civil registration documents?

A. They are unrelated and serve no combined purpose
B. Together, they form the backbone of how citizens prove identity, access services, and exercise rights
C. Only Aadhaar has any real significance among these documents
D. These documents are only relevant to government employees

Correct Answer: Option B

Short Explanation:
Collectively, these documents enable citizens to establish identity, access services, and exercise their legal and civic rights.

Question 100

Considering everything in this module, what is the most important overall takeaway about citizen identity documents?

A. Documents should be obtained but never protected or monitored afterward
B. Knowing each document's purpose, issuing authority, and how to protect it turns bureaucracy into a manageable system
C. Only one document is ever necessary for any citizen
D. Digital identity has completely eliminated the need for physical documents

Correct Answer: Option B

Short Explanation:
Understanding the purpose, issuing authority, and protection measures for each document empowers citizens to navigate essential services confidently.

Question 101

What is UMANG?

A. A private banking app
B. A unified mobile app giving citizens access to thousands of government services in one place
C. A social media platform
D. A type of antivirus software

Correct Answer: Option B

Short Explanation:
UMANG (Unified Mobile Application for New-age Governance) aggregates services from central and state departments into a single app.

Question 102

When was UMANG launched?

A. 23 November 2017
B. 1 July 2015
C. 26 July 2014
D. 28 August 2014

Correct Answer: Option A

Short Explanation:
UMANG was launched on 23 November 2017 by MeitY and the National e-Governance Division (NeGD).

Question 103

Approximately how many services does UMANG host?

A. About 50
B. About 1,745
C. About 10
D. About 500,000

Correct Answer: Option B

Short Explanation:
UMANG hosts approximately 1,745 services from around 80 central bodies and 30 states, making it a comprehensive service aggregator.

Question 104

What is MyGov primarily designed for?

A. Filing income tax returns exclusively
B. Enabling citizen participation in governance through ideas, feedback, discussions, and polls
C. Booking railway tickets
D. Issuing passports

Correct Answer: Option B

Short Explanation:
MyGov is India's citizen engagement platform, allowing people to contribute directly to policy discussions and government initiatives.

Question 105

When was MyGov launched?

A. 26 July 2014
B. 23 November 2017
C. 1 July 2015
D. 15 August 2019

Correct Answer: Option A

Short Explanation:
MyGov was launched on 26 July 2014 as India's official citizen engagement platform.

Question 106

What is "e-Sign"?

A. A physical signature scanned into a computer
B. An Aadhaar-based electronic signature service with the same legal validity as a handwritten signature
C. A type of antivirus feature
D. A biometric lock for smartphones

Correct Answer: Option B

Short Explanation:
e-Sign uses Aadhaar authentication (OTP or biometric) to legally sign documents electronically, with the same validity as handwritten signatures.

Question 107

Which section of the IT Act, 2000, provides legal recognition for electronic signatures like e-Sign?

A. Section 43A
B. Section 3A
C. Section 66C
D. Section 72

Correct Answer: Option B

Short Explanation:
Section 3A of the IT Act, 2000, specifically provides legal recognition for electronic signatures, including Aadhaar-based e-Sign.

Question 108

Which of these documents CANNOT be executed using e-Sign?

A. A loan agreement
B. A will
C. An insurance policy document
D. A standard government form

Correct Answer: Option B

Short Explanation:
Wills, along with negotiable instruments (other than cheques) and property powers of attorney, are excluded from e-Sign and require traditional signatures.

Question 109

Who regulates e-Sign service providers in India?

A. Election Commission of India
B. Controller of Certifying Authorities (CCA)
C. Reserve Bank of India
D. UIDAI exclusively

Correct Answer: Option B

Short Explanation:
The CCA, under MeitY, regulates Certifying Authorities and e-Sign service providers in India.

Question 110

What is "India Stack"?

A. A pile of government forms
B. Shared digital public infrastructure — identity, payments, and data frameworks — that other services build upon
C. A private company's cloud storage service
D. A type of mobile phone

Correct Answer: Option B

Short Explanation:
India Stack refers to foundational shared digital infrastructure like Aadhaar and UPI, which other applications and services build upon.

Question 111

When was Digital India launched?

A. 1 July 2015
B. 23 November 2017
C. 26 July 2014
D. 15 August 2019

Correct Answer: Option A

Short Explanation:
Digital India was launched on 1 July 2015 as the umbrella programme under which platforms like UMANG and DigiLocker were built.

Question 112

What is "G2C" in the context of government services?

A. Government-to-Corporation
B. Government-to-Citizen
C. Government-to-Global
D. Government-to-Currency

Correct Answer: Option B

Short Explanation:
G2C refers to digital services delivered directly from government bodies to individual citizens, like most platforms covered in this module.

Question 113

Which of these is the safest way to verify a government website is genuine?

A. Judge it purely by its visual design
B. Check that it ends in .gov.in or .nic.in
C. Trust any site appearing in a search engine ad
D. Assume all sites with "government" in the name are genuine

Correct Answer: Option B

Short Explanation:
Verifying the exact domain ending — .gov.in or .nic.in — is the most reliable way to confirm a government website's authenticity.

Question 114

What is a common way UMANG can be accessed besides the mobile app?

A. Only through a physical government office
B. Via web, SMS, and IVR (phone call) channels
C. Only through a fax machine
D. UMANG has no alternative access channels

Correct Answer: Option B

Short Explanation:
UMANG offers multiple access channels — app, web, SMS, and IVR — making it accessible even without constant internet access.

Question 115

Which of these best reflects why citizens should never share an OTP used for e-Sign or e-KYC?

A. Sharing it has no security implications
B. OTPs authorise sensitive actions, and sharing them, even with someone claiming to help, risks fraud
C. OTPs for e-Sign expire immediately and cannot be misused
D. Only businesses need to worry about OTP sharing

Correct Answer: Option B

Short Explanation:
OTPs for e-Sign or e-KYC authorise significant actions, and sharing them with anyone — even someone claiming to assist — creates serious fraud risk.

Question 116

Rohan receives a WhatsApp message with a link claiming "urgent PAN verification required." What should he do?

A. Click the link immediately to avoid any PAN issues
B. Ignore it and verify his PAN status directly via the official Income Tax e-filing portal
C. Reply with his PAN number to confirm
D. Forward the link to family members without any warning

Correct Answer: Option B

Short Explanation:
Fraudulent "verification" links are a common scam; verifying independently through the official portal avoids falling victim.

Question 117

Which of these best describes MyGov's language accessibility?

A. It is available only in English
B. It operates in 12 languages
C. It operates in only 2 languages
D. It has no regional language support

Correct Answer: Option B

Short Explanation:
MyGov operates in 12 languages, broadening its accessibility to citizens across India's linguistic diversity.

Question 118

What is the correct definition of a "Consent Manager" as it relates to India's digital ecosystem (referenced alongside these services)?

A. A bank employee handling loans
B. A registered, independent platform through which individuals manage data-sharing consents
C. A government minister
D. A type of firewall

Correct Answer: Option B

Short Explanation:
Consent Managers allow individuals to give, review, or withdraw consent for how their data is shared across digital platforms.

Question 119

Which of these best represents a legitimate use case for UMANG?

A. Checking your EPFO Provident Fund balance without visiting an office
B. Filing a criminal case directly with a magistrate
C. Applying for a passport at a foreign embassy
D. Purchasing shares on the stock market

Correct Answer: Option A

Short Explanation:
Checking EPFO balances is one of UMANG's most heavily used services, letting citizens avoid physical office visits for this common need.

Question 120

Which of these is the correct process for e-Signing a document?

A. Upload the document, enter Aadhaar/VID, verify via OTP, and a digital signature certificate is applied
B. Simply type your name at the bottom of a PDF
C. Print, physically sign, and scan the document
D. Ask a bank employee to sign on your behalf

Correct Answer: Option A

Short Explanation:
e-Sign relies on Aadhaar-based OTP verification to issue a one-time digital signature certificate and apply your legally valid signature.

Question 121

Which of these best reflects the purpose of DigiLocker within the broader digital government ecosystem?

A. It replaces the need for Aadhaar entirely
B. It provides a secure, officially recognised digital wallet for storing government-issued documents
C. It is a private company unrelated to government services
D. It is used exclusively for filing taxes

Correct Answer: Option B

Short Explanation:
DigiLocker functions as a secure, government-backed digital document wallet, complementing other platforms like UMANG and e-Sign.

Question 122

What should you do if a "government scheme" WhatsApp message asks for a registration fee?

A. Pay immediately since it may be a limited-time offer
B. Recognise this as a common fraud pattern, since genuine schemes rarely require registration fees
C. Share your bank OTP to complete registration faster
D. Assume all scheme-related messages are automatically genuine

Correct Answer: Option B

Short Explanation:
Fraudulent scheme-registration fee requests are a well-documented scam pattern; genuine government schemes typically don't require such fees.

Question 123

Which of these best reflects the National e-Governance Division's (NeGD) role?

A. It regulates banking services
B. It develops and maintains platforms like UMANG as part of the Digital India programme
C. It issues passports
D. It conducts national elections

Correct Answer: Option B

Short Explanation:
NeGD, alongside MeitY, is responsible for developing and maintaining major digital government platforms like UMANG.

Question 124

Which of these best reflects a "Departmental Portal" as distinct from a "Service Aggregator" like UMANG?

A. They are identical concepts with no difference
B. A departmental portal, like Passport Seva, is dedicated to a single department's services, while UMANG aggregates many departments
C. Departmental portals only exist for banking
D. Service aggregators cannot include any single-department services

Correct Answer: Option B

Short Explanation:
Departmental portals like Passport Seva serve one specific function, while UMANG aggregates services across numerous departments in a single app.

Question 125

What percentage growth or scale does UMANG's cumulative transactions reportedly reflect?

A. Over 383 crore cumulative transactions
B. Only about 1,000 transactions
C. Fewer than 10,000 transactions
D. Exactly 100 transactions

Correct Answer: Option A

Short Explanation:
UMANG has processed over 383 crore cumulative transactions, reflecting its massive adoption across Indian citizens.

Question 126

Which of these correctly identifies the legal basis making e-Sign equivalent to a handwritten signature?

A. Section 5 of the IT Act, 2000
B. The Consumer Protection Act, 2019
C. The Aadhaar Act alone, with no IT Act connection
D. There is no legal basis; it's just a convention

Correct Answer: Option A

Short Explanation:
Section 5 of the IT Act, 2000, grants electronic signatures the same legal validity as handwritten signatures.

Question 127

Which of these best reflects safe practice when downloading UMANG, DigiLocker, or MyGov apps?

A. Download from any third-party app store for convenience
B. Download only from official app stores, verifying the publisher is MeitY/NeGD or the relevant ministry
C. Download via a link shared in an unsolicited SMS
D. App source doesn't matter for government apps

Correct Answer: Option B

Short Explanation:
Verifying the official publisher when downloading from legitimate app stores helps avoid fake, malicious versions of these government apps.

Question 128

Which of these is the correct definition of a "Departmental Portal" example given in this module?

A. UMANG
B. Passport Seva
C. MyGov
D. DigiLocker

Correct Answer: Option B

Short Explanation:
Passport Seva is a dedicated departmental portal specifically for passport-related services under the Ministry of External Affairs.

Question 129

Which of these best reflects why keeping your Aadhaar-linked mobile number updated matters across these digital platforms?

A. It has no real impact on service access
B. Most digital services (UMANG, DigiLocker, e-Sign) depend on OTP verification tied to that number
C. It only matters for banking services, not government platforms
D. Aadhaar-linked numbers never need updating

Correct Answer: Option B

Short Explanation:
Since OTP verification underpins most of these services, an outdated Aadhaar-linked mobile number can disrupt access across multiple platforms.

Question 130

Which of these best reflects the correct understanding of "Digital India" as a programme?

A. A single app with no broader framework
B. An umbrella programme, launched in 2015, under which platforms like UMANG and DigiLocker were built
C. A private telecom company's marketing campaign
D. A programme exclusively for urban areas

Correct Answer: Option B

Short Explanation:
Digital India serves as the overarching government programme encompassing broadband connectivity, e-governance, and platforms like UMANG.

Question 131

Which of these best reflects a responsible approach to citizen engagement on MyGov?

A. Post spam content unrelated to governance discussions
B. Contribute genuine ideas, feedback, and participate constructively in polls/discussions
C. Impersonate other users on the platform
D. Avoid using the platform's features altogether

Correct Answer: Option B

Short Explanation:
Responsible digital citizenship on MyGov means contributing genuinely and constructively to the platform's civic engagement purpose.

Question 132

Which of these best reflects why e-Sign is considered convenient for banking and insurance processes?

A. It requires printing and scanning documents each time
B. It eliminates the need for printing, physically signing, and scanning, while remaining legally binding
C. It has no legal standing, so it's used only informally
D. It works only for cash transactions

Correct Answer: Option B

Short Explanation:
e-Sign streamlines document signing for banking and insurance by removing physical paperwork steps while maintaining full legal validity.

Question 133

Which government platform would be most appropriate for tracking the status of a passport application?

A. MyGov
B. Passport Seva
C. UMANG exclusively
D. DigiLocker

Correct Answer: Option B

Short Explanation:
Passport Seva is the Ministry of External Affairs' dedicated portal for passport applications, appointments, and status tracking.

Question 134

Which of these best reflects the correct definition of "Authentication/Signature Service" platforms, as categorised in this module?

A. UMANG and MyGov
B. e-Sign and Aadhaar authentication
C. Passport Seva and Income Tax e-Filing
D. DigiLocker exclusively

Correct Answer: Option B

Short Explanation:
e-Sign and Aadhaar authentication are specifically categorised as identity verification and signature services within the digital government ecosystem.

Question 135

Which of these best reflects appropriate verification before trusting a scheme-related claim seen on social media?

A. Trust it immediately if it mentions a real ministry's name
B. Verify directly on the scheme's official portal or via UMANG before proceeding
C. Share personal banking details to "confirm" eligibility
D. Assume all social media claims about schemes are accurate

Correct Answer: Option B

Short Explanation:
Independent verification through official channels protects against fraudsters who reference real scheme names to appear credible.

Question 136

Which of these best reflects the correct sequence for accessing a service through UMANG?

A. Log in with Aadhaar-linked mobile/OTP, search for the service, complete the request within the app
B. Visit a physical office first, then use UMANG only for confirmation
C. UMANG requires a separate paid subscription for each service
D. UMANG cannot process any complete service request

Correct Answer: Option A

Short Explanation:
UMANG allows users to log in via Aadhaar-linked mobile and OTP, then search for and complete service requests directly within the app.

Question 137

Which of these best reflects the relationship between Aadhaar authentication and the platforms covered in this module?

A. None of these platforms use Aadhaar authentication
B. Aadhaar authentication serves as the identity backbone for DigiLocker, UMANG, and e-Sign
C. Only MyGov uses Aadhaar authentication
D. Aadhaar has been phased out from all digital government platforms

Correct Answer: Option B

Short Explanation:
Aadhaar-based authentication underpins the identity verification process across DigiLocker, UMANG, and e-Sign.

Question 138

Which of these best reflects the risk of downloading government-labelled apps from unofficial sources?

A. There is no risk since all apps with government names are genuine
B. Fake or malicious apps can impersonate genuine government services to steal data
C. Unofficial sources are always faster and safer
D. Government apps cannot be faked

Correct Answer: Option B

Short Explanation:
Malicious apps sometimes impersonate legitimate government services; downloading only from verified official sources reduces this risk.

Question 139

Which of these best reflects the correct scope of MyGov's functionality?

A. Only displaying government announcements with no interaction
B. Discussions, tasks, polls, quizzes, blogs, and pledges enabling direct citizen participation
C. Exclusively processing tax refunds
D. Exclusively issuing identity documents

Correct Answer: Option B

Short Explanation:
MyGov offers a range of interactive features — discussions, polls, quizzes, and more — enabling genuine citizen participation in governance.

Question 140

Which of these best reflects the correct understanding of "Significant Data Fiduciary" obligations, as relevant to large digital platforms?

A. No additional obligations apply regardless of scale
B. Organisations processing data at large scale or high sensitivity face extra obligations like appointing a Data Protection Officer
C. Only small businesses face additional obligations
D. This concept applies only to state governments

Correct Answer: Option B

Short Explanation:
Large-scale digital platforms handling significant personal data may be classified as Significant Data Fiduciaries, facing extra compliance obligations under the DPDP Act.

Question 141

Which of these best reflects a citizen's correct understanding of "e-Sign limitations"?

A. e-Sign can be used for absolutely any legal document without exception
B. Certain documents like wills and property powers of attorney require traditional signatures instead
C. e-Sign has no limitations whatsoever
D. e-Sign can only be used for government forms

Correct Answer: Option B

Short Explanation:
While broadly useful, e-Sign has specific legal exceptions, including wills and property powers of attorney, requiring traditional signatures.

Question 142

Which of these best reflects the correct role of the Controller of Certifying Authorities (CCA)?

A. Issuing Aadhaar cards
B. Regulating e-Sign service providers and Certifying Authorities under the IT Act
C. Managing India's railway network
D. Conducting national elections

Correct Answer: Option B

Short Explanation:
The CCA, under MeitY, is specifically responsible for regulating the certifying authorities and e-Sign providers operating in India.

Question 143

Which of these best reflects why bookmarking official government portals is recommended?

A. Bookmarking has no security benefit
B. It avoids the risk of landing on a fraudulent look-alike site through repeated searching
C. It is required by law for all citizens
D. Bookmarking makes websites load faster automatically

Correct Answer: Option B

Short Explanation:
Bookmarking official portals reduces the chance of accidentally clicking a fraudulent look-alike link found through casual searching.

Question 144

Which of these best reflects the correct definition of "Online Government Portal" verification, as taught in this module?

A. Trusting any portal that appears professional
B. Confirming the domain ends in .gov.in or .nic.in before entering personal information
C. Assuming all portals with "India" in the name are genuine
D. Verification is unnecessary for government portals

Correct Answer: Option B

Short Explanation:
The domain check remains the most reliable method for confirming a government portal's authenticity before sharing any personal data.

Question 145

Which of these best reflects why the DPDP Act, 2023, is relevant to digital government platforms covered in this module?

A. It has no relevance to these platforms
B. It requires reasonable security safeguards for personal data processed through platforms like DigiLocker, UMANG, and MyGov
C. It only applies to private companies, never government platforms
D. It exclusively governs international data transfers

Correct Answer: Option B

Short Explanation:
The DPDP Act's security safeguard requirements apply to personal data processed by digital government platforms as much as private ones.

Question 146

Which of these best reflects the correct process to follow if a UMANG service transaction fails or shows an error?

A. Assume nothing can be done and abandon the service entirely
B. Check the transaction/status tracking within UMANG itself, since it typically provides tracking and notifications
C. Immediately uninstall the app without checking further
D. Contact an unofficial "UMANG agent" found online

Correct Answer: Option B

Short Explanation:
UMANG typically provides in-app tracking and notifications, making it the appropriate first step to check before escalating further.

Question 147

Which of these best reflects the correct relationship between "National Digital Platforms" and individual citizen services?

A. National platforms and individual services are entirely separate topics
B. Individual services like DigiLocker and UMANG are built upon shared national digital infrastructure like India Stack
C. National platforms have no bearing on how individual services function
D. Only banks benefit from national digital platforms

Correct Answer: Option B

Short Explanation:
Citizen-facing services rely on the shared underlying infrastructure of India Stack, illustrating the connection between broad national platforms and specific services.

Question 148

Which of these best reflects a responsible digital citizenship practice specific to using government platforms?

A. Submitting false information on government portals
B. Keeping your own information accurate and never impersonating others on citizen engagement platforms
C. Sharing your login credentials with others for convenience
D. Ignoring platform terms of service entirely

Correct Answer: Option B

Short Explanation:
Responsible digital citizenship means maintaining accurate information and never misusing platforms to impersonate others, which is also a legal offence.

Question 149

Which of these best reflects the overall benefit of India's digital government ecosystem, as covered in this module?

A. It has replaced the need for any citizen awareness or safety practices
B. It brings dozens of once-physical government processes onto citizens' phones, saving time when used correctly and safely
C. It only benefits government employees, not ordinary citizens
D. It has no measurable impact on citizen convenience

Correct Answer: Option B

Short Explanation:
Platforms like DigiLocker, UMANG, and e-Sign collectively transform previously physical, time-consuming processes into convenient digital ones.

Question 150

Considering everything in this module, what is the most important overall lesson about digital government services?

A. Trusting every platform blindly regardless of verification
B. Knowing the genuine platforms, using them via official channels, and never sharing OTPs turns this infrastructure into real, safe convenience
C. Avoiding all digital government services to eliminate risk
D. Digital government services require no security awareness at all

Correct Answer: Option B

Short Explanation:
The central lesson is that combining awareness of genuine platforms with safe usage habits unlocks the real convenience of India's digital government ecosystem.

Question 151

Which part of the Constitution contains the Fundamental Rights?

A. Part II
B. Part III
C. Part IV
D. Part IVA

Correct Answer: Option B

A. Appeals should never be used, regardless of outcome
B. Using the built-in appeal mechanism when unsatisfied is a legitimate part of the process
C. Appeals are only available to government employees
D. Filing an appeal automatically results in criminal charges against the responding authority

Correct Answer: Option B

Short Explanation:
Appeal mechanisms, like the RTI's First and Second Appeal process, are designed to be used when an initial response is unsatisfactory.

Question 195

Which of these best reflects a "myth" about Fundamental Duties addressed in this module?

A. Fundamental Duties are listed in Part IVA
B. Fundamental Duties are purely symbolic with no real relevance in judicial reasoning
C. There are 11 Fundamental Duties
D. The 42nd Amendment introduced Fundamental Duties

Correct Answer: Option B

Short Explanation:
This is a myth; courts have referenced Fundamental Duties in shaping judgments, particularly regarding environmental and public interest matters.

Question 196

Which of these best reflects why understanding the "Right to Freedom" category matters practically?

A. It only concerns religious practices
B. It covers speech, assembly, movement, profession, and personal liberty — core everyday freedoms
C. It applies only to elected officials
D. It has no connection to daily civic life

Correct Answer: Option B

Short Explanation:
The Right to Freedom encompasses core everyday liberties like speech, movement, and choice of profession that affect daily civic life directly.

Question 197

Which of these best reflects the correct approach when unsure whether an issue falls under consumer rights, RTI, or human rights protections?

A. Assume no help is available and take no action

B. The Senior Citizens Act, 2007, provides a legal mechanism to claim maintenance through a Tribunal
C. Only a will can establish a senior citizen's right to support
D. Maintenance rights apply only to citizens above 80 years

Correct Answer: Option B

Short Explanation:
The 2007 Act specifically establishes a legal mechanism — the Maintenance Tribunal — for senior citizens to claim support from children or relatives.

Question 199

Which of these best reflects the connection between Fundamental Duties and everyday "Citizen Responsibilities," as covered in this module?

A. They are entirely separate and unrelated concepts
B. Citizen responsibilities flow naturally from Fundamental Duties, like obeying laws, paying taxes honestly, and protecting the environment
C. Citizen responsibilities have no connection to the Constitution at all
D. Only government employees have any civic responsibilities

Correct Answer: Option B

Short Explanation:
This module explicitly connects everyday citizen responsibilities to the constitutional Fundamental Duties outlined in Article 51A.

Question 200

Considering everything in this module, what is the central lesson about Citizen Rights & Responsibilities?

A. Only rights matter; responsibilities are irrelevant to citizenship
B. Rights exercised responsibly, alongside duties fulfilled faithfully, are what make a democracy function well
C. Citizens should avoid engaging with any formal rights-based systems
D. Understanding rights and duties has no practical, real-world application

Correct Answer: Option B

Short Explanation:
The module's central message is that a functioning democracy depends on citizens both exercising their rights and fulfilling their civic duties.

C. Apply for PM-KISAN instead
D. Apply for a Mudra loan to cover medical costs

Correct Answer: Option B

Short Explanation:
PM-JAY specifically addresses this need, providing cashless treatment up to ₹5 lakh/year at empanelled hospitals for eligible families.

Question 226

Which of these best reflects the correct scope of Common Service Centres (CSCs)?

A. They only provide banking services
B. They assist citizens in applying for government schemes offline/assisted, especially those unfamiliar with online applications
C. They are private, unregulated agents
D. They charge high fees for every government service

Correct Answer: Option B

Short Explanation:
CSCs provide free or low-cost assisted access to government scheme applications for citizens who may not be comfortable applying online themselves.

Question 227

Which of these best reflects the correct understanding of "Centrally Sponsored Schemes"?

A. Schemes designed and funded entirely by a single state government
B. Schemes designed centrally but implemented jointly with states, sometimes supplemented by state top-ups
C. Schemes that apply only to central government employees
D. Schemes with no connection to state governments at all

Correct Answer: Option B

Short Explanation:
Centrally Sponsored Schemes, like Ayushman Bharat, are designed at the central level but implemented jointly with state governments.

Question 228

Which of these best reflects the correct scope of the Atal Pension Yojana's target group?

A. Exclusively government employees
B. Primarily workers in the unorganised sector seeking retirement income security
C. Only citizens above age 80
D. Only urban residents

Correct Answer: Option B

Short Explanation:
APY is specifically designed to provide pension security for workers in the unorganised sector, who often lack formal retirement benefits.

Question 229

Which of these best reflects the correct understanding of "Full-KYC" versus "minimum-KYC" as it might relate to accessing certain welfare/financial schemes?

A. Both offer identical benefits with no distinction
B. Full-KYC generally allows access to higher-value services, while minimum-KYC has more limited functionality
C. Minimum-KYC always offers more benefits than full-KYC
D. KYC status is irrelevant to any government scheme

Correct Answer: Option B

Short Explanation:
KYC completion level often determines the extent of services or transaction limits available, generally with full-KYC unlocking greater functionality.

Question 230

Which of these best reflects why "scheme awareness" is emphasised as a major theme of this module?

A. All eligible citizens automatically claim every welfare benefit they qualify for
B. Studies show many eligible citizens never claim benefits simply due to lack of awareness
C. Awareness has no bearing on whether citizens receive scheme benefits
D. Only wealthy citizens need to be aware of welfare schemes

Correct Answer: Option B

Short Explanation:
This module highlights that awareness, not just eligibility, is often the biggest barrier preventing citizens from accessing welfare benefits.

Question 231

Which of these best reflects a family's appropriate approach after learning about various welfare schemes?

A. Assume none of the schemes apply to their situation without checking
B. Check eligibility for relevant schemes like PM-JAY, PM-KISAN, or PMUY based on their specific circumstances
C. Apply for every scheme regardless of relevance or eligibility
D. Wait for the government to automatically enrol them

Correct Answer: Option B

Short Explanation:
Checking eligibility for schemes relevant to a family's actual circumstances is the recommended, practical approach to accessing welfare benefits.

Question 232

Which of these best reflects the correct definition of PM Fasal Bima Yojana's core benefit?

A. Guaranteed employment for farmers
B. Insurance protection against crop yield losses from natural calamities, pests, and diseases
C. Free fertiliser for all farmers
D. Free irrigation equipment

Correct Answer: Option B

Short Explanation:
PM Fasal Bima Yojana specifically protects farmers financially against yield losses due to unpredictable natural and biological factors.

Question 233

Which of these best reflects the correct scope of PM Awas Yojana's two components?

A. PMAY-U for urban areas and PMAY-G for rural (Gramin) areas
B. PMAY-U for farmers and PMAY-G for students
C. Both components serve identical purposes with no distinction
D. PMAY has no rural component at all

Correct Answer: Option A

Short Explanation:
PMAY operates through two components — Urban (PMAY-U) and Rural/Gramin (PMAY-G) — tailored to different housing needs.

Question 234

Which of these best reflects the correct process for tracking multiple scheme applications in one place?

A. There is no way to track multiple schemes together
B. The UMANG app can be used alongside individual official scheme portals for tracking
C. Only a lawyer can track scheme application status
D. Scheme tracking requires visiting a physical office each time

Correct Answer: Option B

Short Explanation:
UMANG offers a convenient way to check multiple scheme statuses alongside dedicated official portals for each specific scheme.

Question 235

Which of these best reflects a responsible habit regarding welfare scheme communications?

A. Trust any message claiming to be from a scheme, regardless of source
B. Verify claims about eligibility or "urgent registration" independently through the scheme's official portal
C. Share personal banking details immediately upon request
D. Assume all scheme-related communication is automatically legitimate

Correct Answer: Option B

Short Explanation:
Independent verification through official channels helps citizens avoid falling victim to fraudulent scheme-related scams.

Question 236

Which of these best reflects the correct understanding of why PM Mudra Yojana loans are described as "collateral-free"?

A. Borrowers must still provide significant collateral
B. Small entrepreneurs can access loans without needing to pledge assets as security
C. Collateral-free loans are only available to large corporations
D. "Collateral-free" means the loans are given without any application process

Correct Answer: Option B

Short Explanation:
The collateral-free nature of Mudra loans specifically supports small entrepreneurs who may lack assets to pledge as security.

Question 237

Which of these best reflects the correct understanding of PM-KISAN's payment structure?

A. A single lump sum of ₹6,000 paid once every five years
B. Three instalments of ₹2,000 each, totalling ₹6,000 per year
C. Monthly payments of ₹500
D. A one-time payment with no recurring structure

Correct Answer: Option B

Short Explanation:
PM-KISAN disburses its ₹6,000 annual benefit in three equal instalments of ₹2,000 each throughout the year.

Question 238

Which of these best reflects the correct scope of "social welfare programs" as a category in this module?

A. Only schemes for farmers
B. Broader programs like PMAY and the National Social Assistance Programme, supporting housing and vulnerable citizens
C. Only schemes for students
D. Exclusively banking-related schemes

Correct Answer: Option B

Short Explanation:
Social welfare programs encompass broader support systems like housing assistance and aid for elderly, widowed, or disabled citizens.

Question 239

Which of these best reflects the correct action for a young graduate wanting to start a small business without collateral?

A. Apply for Ayushman Bharat PM-JAY
B. Explore PM Mudra Yojana for a collateral-free loan
C. Apply for Sukanya Samriddhi Yojana
D. Apply for the Atal Pension Yojana

Correct Answer: Option B

Short Explanation:
PM Mudra Yojana is specifically designed to support small entrepreneurs with collateral-free loans, making it the appropriate scheme for this need.

Question 240

Which of these best reflects why "scholarship amounts vary by category and education level" under the National Scholarship Portal?

A. All scholarships offer an identical fixed amount regardless of circumstances
B. Different scholarship categories and educational levels have different eligibility and amount structures
C. Scholarship amounts are determined randomly
D. Only postgraduate students are eligible for any scholarship

Correct Answer: Option B

Short Explanation:
The NSP aggregates many different scholarships, each with its own eligibility criteria and amount, tailored to specific categories and education levels.

Question 241

Which of these best reflects the correct definition of a "cashless service delivery" mechanism, as used in schemes like PM-JAY?

A. Beneficiaries pay upfront and get reimbursed later
B. Benefits are delivered directly at empanelled providers without the citizen paying upfront
C. Cashless delivery means the scheme has been discontinued
D. It refers only to online banking transactions

Correct Answer: Option B

Short Explanation:
Cashless service delivery, as used in PM-JAY, means eligible beneficiaries receive treatment at empanelled hospitals without needing to pay upfront.

Question 242

Which of these best reflects the correct scope of PM Kaushal Vikas Yojana (PMKVY)?

A. A scheme providing free, certified skill training to youth
B. A scheme providing free housing
C. A scheme providing crop insurance
D. A scheme providing free legal aid

Correct Answer: Option A

Short Explanation:
PMKVY focuses specifically on providing free, certified skill development training to help youth improve employability.

Question 243

Which of these best reflects the correct understanding of why "checking eligibility even if unsure" is recommended best practice?

A. Eligibility checks are unnecessary since schemes rarely apply to anyone
B. Many citizens assume incorrectly that a scheme "won't apply to them" and miss out on benefits they actually qualify for
C. Only wealthy citizens should check scheme eligibility
D. Checking eligibility disqualifies you from other schemes

Correct Answer: Option B

Short Explanation:
This module specifically highlights that incorrect assumptions about eligibility are a common reason citizens miss out on scheme benefits.

Question 244

Which of these best reflects the correct understanding of "Vay Vandana Card" specifically?

A. A pension card for children
B. A card providing an additional ₹5 lakh Ayushman Bharat cover for citizens aged 70 and above
C. A card used for railway ticket booking
D. A card used exclusively for voter identification

Correct Answer: Option B

Short Explanation:
The Vay Vandana Card, introduced under Ayushman Bharat, specifically extends additional health coverage universally to senior citizens aged 70+.

Question 245

Which of these best reflects the correct understanding of why closing dormant wallet apps might be recommended alongside welfare scheme awareness?

A. It has no connection to welfare scheme safety
B. Reducing unnecessary financial app exposure is a related good practice for overall digital/financial safety
C. Closing wallet apps disqualifies you from all government schemes
D. Dormant wallets automatically receive scheme benefits

Correct Answer: Option B

Short Explanation:
While not a scheme itself, reducing exposure through unused financial apps reflects the broader safe practices connected to managing government benefits and finances.

Question 246

Which of these best reflects the correct process order for accessing government scheme benefits online?

A. Identify the relevant scheme, visit its official portal, check eligibility, complete e-KYC if required, and submit the application
B. Submit personal details to any website mentioning the scheme name
C. Pay a fee first, then check eligibility afterward
D. Schemes cannot be accessed online under any circumstances

Correct Answer: Option A

Short Explanation:
This is the correct, safe sequence for accessing government schemes: identifying the scheme, verifying via official channels, and completing necessary verification steps.

Question 247

Which of these best reflects the correct scope of National Social Assistance Programme (NSAP)?

A. A programme providing pensions and support to elderly, widowed, and disabled citizens below the poverty line
B. A programme exclusively for students
C. A programme exclusively for farmers
D. A programme providing free vehicles to all citizens

Correct Answer: Option A

Short Explanation:
NSAP specifically targets vulnerable groups — elderly, widowed, and disabled citizens below the poverty line — with financial assistance.

Question 248

Which of these best reflects the correct understanding of why "many schemes rely on Aadhaar" as a common thread across welfare programs?

A. Aadhaar has no connection to welfare scheme delivery
B. Aadhaar-based DBT is the common infrastructure enabling direct, transparent scheme delivery across many programs
C. Aadhaar is required only for tax purposes, unrelated to welfare
D. Only urban schemes use Aadhaar-based delivery

Correct Answer: Option B

Short Explanation:
Aadhaar-linked DBT serves as shared infrastructure across many welfare schemes, ensuring transparent and direct benefit delivery.

Question 249

Which of these best reflects the correct understanding of why families are encouraged to review welfare scheme eligibility "across all categories," not just one?

A. Because families rarely qualify for more than one scheme
B. Because checking across categories (health, farming, education, housing) can reveal benefits the family didn't realise they qualified for
C. Because only one scheme category exists in total
D. Because reviewing multiple categories is illegal

Correct Answer: Option B

Short Explanation:
Given the range of welfare categories, families reviewing eligibility broadly are more likely to discover benefits they hadn't previously realised applied to them.

Question 250

Considering everything in this module, what is the central lesson about India's government welfare schemes?

A. Welfare schemes are too complicated for ordinary citizens to access
B. Awareness, combined with using official channels, is the key to unlocking benefits citizens are often already entitled to
C. Only wealthy citizens can successfully access welfare schemes
D. Welfare schemes require payment of unofficial fees to access

Correct Answer: Option B

Short Explanation:
The module's central message is that awareness and proper use of official channels — not wealth or complexity — determine successful access to welfare benefits.

Question 251

Who typically supplies electricity to homes in India?

A. The Election Commission
B. State-run or private Distribution Companies (Discoms)
C. The Ministry of External Affairs
D. UIDAI

Correct Answer: Option B

A. The 42nd Amendment empowers municipal bodies
B. The 74th Constitutional Amendment, 1992, empowers municipal bodies to levy property tax and deliver civic services
C. Municipal governance has no constitutional basis
D. Only the central government can levy property tax

Correct Answer: Option B

Short Explanation:
The 74th Amendment specifically empowers municipal bodies with the authority to levy property tax and deliver essential civic services.

Question 277

Which of these best reflects appropriate action for a passenger noticing unclean conditions during a train journey?

A. Wait until reaching the destination to complain
B. Use the Rail Madad app to report it in real time with PNR and coach details
C. Ignore the issue entirely
D. Post about it only on social media without formal reporting

Correct Answer: Option B

Short Explanation:
Rail Madad allows real-time reporting during the journey itself, enabling faster response compared to waiting until after arrival.

Question 278

Which of these best reflects why property tax rates and calculation methods vary across Indian cities?

A. Property tax is standardised identically nationwide
B. Different cities/states use different systems (ARV, Capital Value, Unit Area) based on local factors
C. Property tax has no variation anywhere in India
D. Only rural areas have property tax variation

Correct Answer: Option B

Short Explanation:
Property tax calculation methods and rates differ by city and state, reflecting local administrative choices and property market factors.

A. Paying within early-payment rebate windows
B. Missing early-payment rebate deadlines and paying late unnecessarily
C. Registering property changes with the Municipal Corporation
D. Using the official online payment portal

Correct Answer: Option B

Short Explanation:
Missing early-payment deadlines means losing potential rebates and possibly incurring late penalties, an avoidable common mistake.

Question 280

Which of these best reflects the correct understanding of why IPPB has grown significantly since 2018?

A. It has had no meaningful growth since launch
B. It leverages India Post's extensive rural network to extend banking access, reaching over 12 crore customers
C. IPPB only serves urban customers
D. IPPB has been discontinued

Correct Answer: Option B

Short Explanation:
IPPB's growth stems from utilising India Post's vast rural presence to bring banking services to previously underserved areas.

Question 281

Which of these best reflects the correct approach if a Fair Price Shop claims your entitled ration quota is unavailable?

A. Accept the situation without any follow-up
B. Contact the state's Food & Civil Supplies Department helpline to report the discrepancy
C. Only complain to the shopkeeper repeatedly with no formal escalation
D. Assume nothing can be done

Correct Answer: Option B

Short Explanation:
Escalating to the state's Food & Civil Supplies Department provides a formal channel to resolve ration entitlement discrepancies.

Question 282

Which of these best reflects the correct understanding of why municipal grievance portals matter?

A. They have no practical function
B. They allow citizens to report civic issues (roads, sanitation, etc.) with tracking, rather than relying only on informal complaints
C. They are only accessible to government employees
D. They replace the need for any municipal service delivery at all

Correct Answer: Option B

Short Explanation:
Municipal grievance portals provide a formal, trackable way for citizens to report and follow up on civic issues.

Question 283

Which of these best reflects the correct relationship between "PMUY" and gas connections, as covered across modules?

A. PMUY is unrelated to LPG connections
B. PMUY specifically provides deposit-free LPG connections to women from poor households
C. PMUY only applies to PNG connections
D. PMUY has been discontinued since 2016

Correct Answer: Option B

Short Explanation:
PMUY specifically targets deposit-free LPG connections for women from poor households, distinct from PNG infrastructure.

Question 284

Which of these best reflects why "Rail Madad" is considered more effective than waiting to complain after a journey ends?

A. There is no difference in effectiveness
B. Real-time reporting during the journey allows for faster response and resolution
C. Rail Madad can only be used after the journey is complete
D. Rail Madad has been discontinued in favour of postal complaints

Correct Answer: Option B

Short Explanation:
Reporting issues in real time through Rail Madad allows Indian Railways to respond more quickly than complaints filed after the journey.

Question 285

Which of these best reflects the correct understanding of who is responsible for issuing new electricity/water connections?

A. Only the central government issues new connections
B. Local Discoms (electricity) and Municipal Corporations (water) handle new connection requests
C. New connections are issued exclusively by IRCTC
D. New connections require no application process at all

Correct Answer: Option B

Short Explanation:
New electricity and water connections are handled by the relevant Discom and Municipal Corporation respectively, each with their own application process.

Question 286

Which of these best reflects the correct definition of "FHTC" (Functional Household Tap Connection)?

A. A type of electricity meter
B. The core metric of the Jal Jeevan Mission, representing a working tap water connection to a rural home
C. A type of railway ticket
D. A category of property tax

Correct Answer: Option B

Short Explanation:
FHTC is the specific metric used to measure the Jal Jeevan Mission's progress in providing tap water access to rural households.

Question 287

Which of these best reflects why disabling unused card/account features isn't directly a "utility" topic but is referenced as a related safe practice?

A. It has no connection to utility management at all
B. General safe financial habits, like managing accounts carefully, complement utility bill payment safety
C. Utility bills can only be paid using disabled account features
D. This has no relevance to this module whatsoever

Correct Answer: Option B

Short Explanation:
While distinct from utilities directly, safe financial habits reinforce the broader theme of using official channels securely across all citizen services, including utility payments.

Question 288

Which of these best reflects the correct scope of a "Metro Rail Corporation"?

A. It manages national postal services
B. It operates urban metro rail systems, forming part of public transport infrastructure
C. It manages India's electricity grid
D. It processes passport applications

Correct Answer: Option B

Short Explanation:
Metro Rail Corporations are responsible for operating metro systems, which form a key part of urban public transport alongside city buses.

Question 289

Which of these best reflects safe practice regarding utility bill payments?

A. Pay bills only through official Discom/municipal portals or authorised centres
B. Pay through any agent claiming to offer faster processing for a fee
C. Share your account login details with unofficial "helpers"
D. Ignore bills entirely until services are disconnected

Correct Answer: Option A

Short Explanation:
Using official portals or authorised centres for utility payments avoids fraud risks associated with unofficial agents or middlemen.

Question 290

Which of these best reflects the correct understanding of why "keeping utility account numbers organised" is recommended?

A. It has no practical benefit
B. It allows for quick reference when filing complaints or tracking issues with electricity, water, or other services
C. Account numbers are irrelevant to resolving utility issues
D. Only businesses need to track account numbers

Correct Answer: Option B

Short Explanation:
Keeping account numbers organised speeds up communication with utility providers when reporting or tracking issues.

Question 291

Which of these best reflects the correct definition of "PNG" as a gas connection type?

A. A refillable cylinder delivered periodically
B. Piped Natural Gas, delivered continuously via a fixed pipeline
C. A type of postal service
D. A type of railway ticket

Correct Answer: Option B

Short Explanation:
PNG is delivered directly through a pipeline, offering a continuous alternative to periodic LPG cylinder refills.

Question 292

Which of these best reflects the correct approach to verifying a ticket purchased from an unofficial railway ticket reseller?

A. Trust all resellers equally, since tickets are tickets
B. Book only through IRCTC or authorised counters/agents to avoid unauthorised reseller issues
C. Unofficial resellers are always cheaper and equally reliable
D. Verification is unnecessary for railway tickets

Correct Answer: Option B

Short Explanation:
Booking through IRCTC or authorised channels avoids the risks associated with unauthorised ticket resellers.

Question 293

Which of these best reflects the correct scope of India Post's evolution over time?

A. It remains focused solely on traditional letter delivery with no modernisation
B. It has expanded into digital-era services like IPPB banking while maintaining its extensive physical network
C. It has been completely replaced by private courier companies
D. It no longer operates in any capacity

Correct Answer: Option B

Short Explanation:
India Post has evolved to combine its historic physical reach with modern financial services like IPPB, reflecting ongoing modernisation.

Question 294

Which of these best reflects the correct understanding of why "early-payment rebates" exist for property tax?

A. They serve no real purpose
B. They incentivise timely payment, benefiting both the municipal body's cash flow and the taxpayer through a discount
C. They are only available to government employees
D. They penalise early payers instead of rewarding them

Correct Answer: Option B

Short Explanation:
Early-payment rebates encourage timely tax payment, providing a mutual benefit to both the municipality and the taxpayer.

Question 295

Which of these best reflects the correct scope of a Ministry responsible for utility oversight in this module?

A. Ministry of Jal Shakti oversees the Jal Jeevan Mission
B. Ministry of External Affairs oversees electricity distribution
C. Election Commission oversees postal services
D. UIDAI oversees railway operations

Correct Answer: Option A

Short Explanation:
The Ministry of Jal Shakti is specifically responsible for implementing the Jal Jeevan Mission and rural water supply initiatives.

Question 296

Which of these best reflects the correct understanding of why "knowing which authority handles which utility" matters practically?

A. It has no bearing on resolving issues efficiently
B. Contacting the wrong department for a specific utility issue can cause unnecessary delays
C. All utility issues are handled by a single national office
D. Only wealthy citizens need to know this information

Correct Answer: Option B

Short Explanation:
This module emphasises that knowing the correct authority for each utility issue prevents wasted time and unnecessary delays.

Question 297

Which of these best reflects the correct process order for reporting a civic issue like a broken streetlight?

A. Report it directly to the Municipal Corporation, using their official grievance portal or app if available
B. Escalate immediately to the central government
C. Contact IRCTC for civic complaints
D. File an RTI request as the only available option

Correct Answer: Option A

Short Explanation:
Civic issues like broken streetlights fall under municipal responsibility, making the Municipal Corporation's official channels the correct first step.

Question 298

Which of these best reflects the correct understanding of "smart meters" and citizen benefit?

A. Smart meters have no benefit to consumers
B. Smart meters enable more accurate, real-time billing, helping consumers track and manage consumption
C. Smart meters are used only for water billing, not electricity
D. Smart meters eliminate the need to pay any electricity bill

Correct Answer: Option B

Short Explanation:
Smart meters improve billing accuracy and give consumers better visibility into their real-time electricity consumption.

Question 299

Which of these best reflects the correct overall theme connecting Electricity, Water, Gas, Postal, PDS, Railways, Transport, Municipal Services, and Property Tax?

Question 320

Suresh witnesses a road accident requiring both police and medical attention. What is the recommended action?

A. Call two separate numbers for each service
B. Dial 112, since a single call can dispatch both police and medical response
C. Wait for someone else to call for help
D. Only call an ambulance, ignoring the need for police

Correct Answer: Option B

Short Explanation:
112's unified dispatch system can coordinate multiple emergency services from a single call, saving critical time.

Question 321

Which of these best reflects the correct process for filing a CPGRAMS grievance?

A. Visit pgportal.gov.in or use the app/UMANG integration, register, describe the grievance, and submit
B. Only physical letters are accepted, with no digital option
C. CPGRAMS requires a lawyer to file any complaint
D. Grievances can only be filed once per year

Correct Answer: Option A

Short Explanation:
CPGRAMS offers multiple digital channels — the portal, dedicated app, and UMANG integration — for filing grievances conveniently.

Question 322

What should you do if unsatisfied with a CPGRAMS grievance resolution?

A. Nothing further can be done
B. Use the appeal facility within CPGRAMS to escalate further
C. File an identical complaint repeatedly with no changes
D. Only escalate through informal social media posts

Correct Answer: Option B

Short Explanation:

A. Calling 1930
B. Calling 1098 (CHILDLINE)
C. Filing a CPGRAMS complaint exclusively
D. Calling the Banking Ombudsman

Correct Answer: Option B

Short Explanation:
1098 (CHILDLINE) is specifically designed to connect children in distress to protective services.

Question 326

Which of these best reflects the correct approach to a severe flooding emergency requiring disaster assistance?

A. Call 112 or the state's disaster management helpline, both linked to NDMA-coordinated response
B. Only wait for the situation to resolve naturally
C. File a CPGRAMS complaint as the sole response
D. Contact the Banking Ombudsman

Correct Answer: Option A

Short Explanation:
Disaster emergencies are addressed through 112 or specific state disaster helplines, both connected to the NDMA framework.

Question 327

Which of these best reflects the correct scope of the "112 India App"?

A. It only functions as a standard phone dialer
B. It includes panic trigger and SHOUT features, alerting authorities and nearby help during emergencies
C. It is used exclusively for banking transactions
D. It has no connection to emergency services

Correct Answer: Option B

Short Explanation:
The 112 India App extends the emergency system with additional features like panic triggers and the SHOUT community-alert function.

Question 328

Which of these best reflects the correct total grievances redressed on CPGRAMS between 2019 and 2024?

A. Over 1.15 crore
B. About 1,000
C. Exactly 50,000
D. About 500

Correct Answer: Option A

Short Explanation:

Question 329

Which of these best reflects appropriate action for a serious or repeated cyberbullying/harassment incident?

A. Handle it entirely informally without involving authorities
B. Preserve evidence, then report via cybercrime.gov.in, 1098, or 181 as appropriate
C. Ignore it, assuming it will resolve on its own
D. Confront the harasser directly with no documentation

Correct Answer: Option B

Short Explanation:
Serious harassment requires formal, evidence-backed reporting through appropriate specialised channels like cybercrime.gov.in, 1098, or 181.

Question 330

Which of these best reflects why 112 is described as covering "any immediate danger," rather than a single specific emergency type?

A. 112 only handles medical emergencies
B. 112 was specifically designed to unify multiple emergency categories (police, fire, medical, disaster, women's safety) into one number
C. 112 has no real function beyond making regular phone calls
D. 112 only works for pre-registered users

Correct Answer: Option B

Short Explanation:
112's core design purpose is to serve as a single point of contact across multiple emergency categories, simplifying access during a crisis.

Question 331

Which of these best reflects the correct understanding of why saving emergency numbers in advance matters?

A. It has no practical benefit during an actual emergency
B. Knowing the numbers in advance prevents wasted time searching during an actual crisis
C. Emergency numbers change too frequently to be worth saving
D. Only businesses need to save emergency numbers

Correct Answer: Option B

Short Explanation:
Pre-saving emergency numbers ensures you can act immediately during a crisis rather than losing critical time searching for the correct contact.

Question 332

Which of these best reflects the correct scope of "as-needed" emergency actions, as opposed to routine tasks?

A. Emergency actions should be performed on a fixed weekly schedule
B. Emergency actions are triggered by an actual incident occurring, not by a calendar-based routine
C. There is no difference between routine and emergency actions
D. Emergency actions should never be prepared for in advance

Correct Answer: Option B

Short Explanation:
Unlike routine habits, emergency actions are triggered specifically by the occurrence of an actual incident requiring immediate response.

Question 333

Which of these best reflects the correct process if you're unsatisfied with how a Ministry handled your CPGRAMS grievance?

A. No escalation option exists beyond the initial response
B. Use CPGRAMS' appeal facility to escalate the matter further
C. File the identical complaint anonymously through an unrelated platform
D. Assume all CPGRAMS resolutions are final and unchangeable

Correct Answer: Option B

Short Explanation:
CPGRAMS provides a structured appeal process specifically for citizens dissatisfied with an initial grievance resolution.

Question 334

Which of these best reflects the correct understanding of why teaching children the "power button trick" for 112 matters?

A. Children have no need to know emergency procedures
B. It equips children with a simple, memorable way to trigger emergency assistance if needed
C. The power button trick only works for adults
D. This feature has been discontinued

Correct Answer: Option B

Short Explanation:
Teaching children this simple trigger method ensures they have a practical way to seek help quickly in a genuine emergency.

Question 335

Which of these best reflects the correct scope of "Ministry of Women and Child Development" responsibilities relevant to this module?

A. It oversees national defence policy
B. It oversees women's and child helpline frameworks, like 181/1091 and 1098
C. It oversees railway ticket booking
D. It oversees electricity distribution

Correct Answer: Option B

Short Explanation:
This ministry specifically oversees the frameworks behind dedicated women's and child protection helplines.

Question 336

Which of these best reflects the correct understanding of why "112" is described as internationally recognised?

A. 112 has no connection to any international standard
B. 112 aligns with an internationally used emergency number format recognised in multiple countries
C. 112 is used exclusively in India with no international relevance
D. 112 is a temporary, soon-to-be-discontinued number

Correct Answer: Option B

Short Explanation:
112 follows an internationally recognised emergency number format, aligning India's system with global conventions.

Question 337

Which of these best reflects the correct approach to reporting a lost or stolen phone, in relation to emergency/support services covered across this category?

A. Call 1930 exclusively with no other action
B. Report it via the Sanchar Saathi portal to block/trace the device using its IMEI number
C. Ignore it since nothing can be done
D. Only inform friends on social media

Correct Answer: Option B

Short Explanation:
Sanchar Saathi provides the dedicated mechanism for blocking and tracing lost or stolen phones using their IMEI number.

Question 338

Which of these best reflects the correct understanding of "emergency vs. grievance" channels, as distinguished in this module?

A. Both refer to the exact same type of situation
B. Emergencies require immediate response (like 112), while grievances address dissatisfaction with government services (like CPGRAMS) over a longer timeframe
C. Grievances are always more urgent than emergencies
D. There is no meaningful distinction between the two

Correct Answer: Option B

Short Explanation:
This module distinguishes urgent, immediate-response emergencies from longer-timeline grievance processes addressing service dissatisfaction.

Question 339

Which of these best reflects the correct scope of state-level disaster helplines?

A. They operate entirely independently with no connection to NDMA
B. They typically work alongside NDMA-coordinated national disaster response during floods, cyclones, and other emergencies
C. State disaster helplines do not exist in India
D. They only function during a declared national emergency

Correct Answer: Option B

Short Explanation:
State disaster helplines typically operate in coordination with NDMA's national disaster management framework.

Question 340

Which of these best reflects the correct scope of "1091," as referenced in this module?

A. A postal tracking number
B. A dedicated women's helpline, complementing 181 and 112's women's safety dispatch
C. A railway booking number
D. A number exclusively for property tax payments

Correct Answer: Option B

Short Explanation:
1091 serves as a dedicated women's helpline, working alongside 181 and 112 to address women's safety concerns.

Question 341

Which of these best reflects appropriate practice for families regarding emergency preparedness?

A. Assume children and seniors already understand emergency procedures without guidance
B. Practice the panic-button trick and display key emergency numbers visibly at home
C. Avoid discussing emergency numbers to prevent unnecessary worry
D. Only discuss emergency procedures after an incident has occurred

Correct Answer: Option B

Short Explanation:
Proactively practising emergency procedures and displaying key numbers at home helps ensure the whole family is prepared.

Question 342

Which of these best reflects the correct understanding of the relationship between 112 and older, legacy emergency numbers like 100, 101, and 108?

A. Legacy numbers have been completely disconnected with no function at all
B. 112 integrates these functions, though legacy numbers may still work in many areas during the transition
C. Legacy numbers replaced 112 entirely
D. There is no relationship between them

Correct Answer: Option B

Short Explanation:
112 was designed to integrate the functions of legacy numbers, which may continue to work in parallel during the ongoing transition.

Question 343

Which of these best reflects the correct understanding of why "acknowledgement within 24 hours" matters for CPGRAMS complaints (as distinct from the 21-day resolution target)?

A. Acknowledgement and resolution refer to the identical step
B. Acknowledgement confirms receipt quickly, while resolution addresses the actual grievance within a longer window
C. CPGRAMS provides no acknowledgement at all
D. Acknowledgement takes longer than resolution under CPGRAMS rules

Correct Answer: Option B

Short Explanation:
Quick acknowledgement reassures citizens their complaint has been received, while the resolution process addresses the substantive issue over a longer period.

Question 344

Which of these best reflects the correct process for escalating a serious, unresolved harassment complaint involving a minor?

A. Handle it only informally within the family
B. Report via cybercrime.gov.in's dedicated women/child category or call 1098, preserving evidence beforehand
C. Wait indefinitely without any formal reporting
D. Confront the harasser directly with no documentation

Correct Answer: Option B

Short Explanation:
Serious cases involving minors require formal reporting through the appropriate dedicated channel, backed by preserved evidence.

Question 345

Which of these best reflects why this module frames "112" and "1930" as complementary rather than interchangeable?

A. They serve the exact same function with no distinction
B. 112 addresses broad immediate emergencies, while 1930 specifically targets financial cyber fraud
C. 1930 has replaced 112 entirely
D. 112 only works for cybercrime-related emergencies

Correct Answer: Option B

Short Explanation:
112 and 1930 serve distinct but complementary purposes — general emergencies versus specific financial cybercrime response.

Question 346

Which of these best reflects the correct definition of "Grievance Redressal Officer," as used within CPGRAMS?

A. A police officer specialising in cybercrime
B. An official responsible for handling and resolving citizen complaints within a specific ministry/department
C. A private company representative
D. A judge presiding over consumer courts

Correct Answer: Option B

Short Explanation:
Grievance Redressal Officers, mapped across departments in CPGRAMS, are specifically tasked with handling and resolving citizen complaints.

Question 347

Which of these best reflects the correct approach for workplaces wanting to reinforce awareness of these emergency/grievance systems?

A. Assume employees already know all emergency numbers without any training
B. Include these numbers and systems as part of regular safety or awareness training sessions
C. Avoid discussing emergency procedures at the workplace
D. Only discuss these topics once, at employee orientation, with no follow-up

Correct Answer: Option B

Short Explanation:
Regular reinforcement through workplace training helps ensure employees remain aware of these critical numbers and systems.

Question 348

Which of these best reflects the correct understanding of why "matching the right channel to the right situation" is a recurring theme in this module?

A. All situations can be resolved using a single universal number
B. Different situations (emergency, cybercrime, grievance) require different specific channels for effective resolution
C. Channel matching has no bearing on resolution speed or effectiveness
D. Only 112 needs to be remembered; all other numbers are irrelevant

Correct Answer: Option B

Short Explanation:
This module consistently emphasises that matching the specific situation to its correct dedicated channel leads to more effective, faster resolution.

Question 349

Which of these best reflects the correct overall theme connecting 112, 1098, 181, 1930, and CPGRAMS?

A. They are unrelated systems with no common purpose
B. Together, they form India's comprehensive framework for emergency response and citizen grievance redressal
C. Only 112 has any real practical significance among these systems
D. These systems exist only on paper with no actual functionality

Correct Answer: Option B

Short Explanation:
Collectively, these numbers and systems form India's structured approach to handling both emergencies and citizen service grievances.

Question 350

Considering everything in this module, what is the most important overall lesson about emergency and public support services?

A. Knowing the right number in advance and acting quickly can make a critical difference during a genuine emergency or grievance
B. Emergency numbers are rarely useful and should not be memorised
C. Only the police number (100) matters in any situation
D. CPGRAMS and 112 serve identical purposes with no distinction

Correct Answer: Option A

Short Explanation:
The central lesson is that advance knowledge of the correct number or channel, combined with prompt action, is critical during emergencies and grievances alike.

Question 351

What is CCTNS?

A. A private banking network
B. Crime and Criminal Tracking Network and Systems, India's digital police platform
C. A railway booking system

What is the "Digital Police Portal"?

A. digitalpolice.gov.in, allowing citizens to file complaints, track FIRs, and access verification services online
B. A private security company's website
C. A banking regulator's portal
D. A railway ticketing platform

Correct Answer: Option A

Short Explanation:
The Digital Police Portal provides citizens online access to file complaints, track FIR status, and request various police verification services.

Question 354

What is a "Zero FIR"?

A. An FIR requiring no evidence whatsoever
B. An FIR that can be registered at any police station regardless of jurisdiction, later transferred appropriately
C. An FIR that automatically expires after zero days
D. An FIR only for cybercrime cases

Correct Answer: Option B

Short Explanation:
Zero FIR allows a crime to be reported at any police station, ensuring prompt registration regardless of where the incident occurred.

Question 355

What is a "Non-Cognizable (NC) Report"?

A. A police record for serious offences requiring immediate arrest
B. A police record for less serious matters, often requiring a magistrate's permission before investigation
C. A type of bank complaint
D. A consumer protection certificate

Correct Answer: Option B

Short Explanation:
NC Reports are used for less serious matters not requiring immediate arrest, distinct from a full FIR for cognizable offences.

Question 356

A. RTI (Right to Information) process
B. Banking Ombudsman
C. Police Complaint (FIR)
D. Consumer Complaint Portal

Correct Answer: Option A

Short Explanation:
RTI is specifically designed for requesting information held by public authorities, distinct from consumer or banking grievances.

Question 368

Which system would be most appropriate for an unresolved bank service complaint after 30 days with no response?

A. CPGRAMS
B. Banking Ombudsman (RBI Integrated Ombudsman Scheme)
C. RTI Online
D. Cyber Crime Portal

Correct Answer: Option B

Short Explanation:
Unresolved banking complaints, after the 30-day window, should be escalated specifically to the RBI's Banking Ombudsman Scheme.

Question 369

Which of these best reflects a common mistake related to filing grievances?

A. Matching your issue to the correct system before filing
B. Filing a grievance with the wrong system out of convenience, causing delays
C. Keeping registration/reference numbers for tracking
D. Attempting direct resolution first where applicable

Correct Answer: Option B

Short Explanation:
Filing with the wrong system, even out of convenience, often leads to unnecessary delays before the issue reaches the correct authority.

Question 370

Which of these best reflects why "Zero FIR" exists as a mechanism?

A. To eliminate the need for any FIR at all
B. To ensure a crime can be reported promptly at any police station, regardless of jurisdiction, and later transferred
C. To restrict FIR filing only to the exact location where a crime occurred
D. To apply only to cybercrime cases

Correct Answer: Option B

Short Explanation:
Zero FIR removes jurisdictional barriers, allowing prompt initial reporting of a crime at any police station.

Question 371

Priya's bank ignored her written complaint about a wrongly deducted charge for over a month. What is her correct next step?

A. Give up entirely on resolving the issue
B. Escalate to the RBI Ombudsman via cms.rbi.org.in, since more than 30 days have passed
C. File an RTI request instead
D. File a police complaint immediately

Correct Answer: Option B

Short Explanation:
Since the bank failed to respond within the required 30-day window, escalating to the RBI Ombudsman is the appropriate next step.

Question 372

Which of these best reflects the correct understanding of why matching an issue to the right system "the first time" matters?

A. It has no bearing on resolution speed
B. Filing with the correct system initially avoids delays caused by misrouting the complaint
C. All systems process complaints identically regardless of category
D. Only serious complaints need to be filed with the correct system

Correct Answer: Option B

Short Explanation:
Filing correctly the first time avoids the additional delays that occur when a complaint has to be redirected to the appropriate authority.

Question 373

Which of these best reflects the correct scope of "public complaint best practices" emphasised in this module?

A. Vague complaints without evidence are equally effective as detailed ones
B. Being specific, attaching evidence, and using the correct category improves the chances of effective resolution
C. Best practices are irrelevant to complaint outcomes
D. Only complaints filed in person are taken seriously

Correct Answer: Option B

Short Explanation:
Specific, evidence-backed complaints filed through the correct channel are significantly more likely to be resolved effectively.

Question 374

Which of these best reflects the correct approach if a police station refuses to register your FIR for a cognizable offence?

A. Accept the refusal and take no further action
B. Escalate to a senior police officer, or approach the relevant Human Rights Commission if needed
C. File a consumer complaint instead
D. Assume the refusal is always justified

Correct Answer: Option B

Short Explanation:
Citizens have the right to escalate a wrongful FIR refusal to a senior officer or relevant human rights authority.

Question 375

Which of these best reflects the correct understanding of "complaint tracking" across the systems covered in this module?

A. None of these systems provide any tracking mechanism
B. Each major system (CPGRAMS, e-Jagriti, RTI, cybercrime.gov.in, CCTNS, RBI CMS) issues a unique tracking number
C. Tracking is only available for complaints filed in person
D. Only banking complaints can be tracked

Correct Answer: Option B

Short Explanation:
Every major grievance system covered in this module provides a unique tracking number to help citizens follow up on their complaint's status.

Question 376

Which of these best reflects the correct legal basis for the RBI's Ombudsman mechanism?

A. Section 35A of the Banking Regulation Act, 1949
B. The Aadhaar Act, 2016
C. The RTI Act, 2005
D. The Consumer Protection Act, 2019

Correct Answer: Option A

Short Explanation:
Section 35A of the Banking Regulation Act, 1949, provides the legal foundation for RBI's Ombudsman mechanism.

Question 377

Which of these best reflects appropriate use of the "escalation ladder" when a first response is inadequate?

A. Give up immediately after one unsatisfactory response
B. Use the built-in appeal mechanism rather than abandoning the complaint
C. File the exact same complaint repeatedly with no escalation
D. Escalation ladders don't apply to any of these systems

Correct Answer: Option B

Short Explanation:
Escalation mechanisms exist precisely for situations where an initial response is inadequate, and using them is the recommended approach.

Question 378

Which of these best reflects the correct scope of citizen services available via the Digital Police Portal?

A. Filing FIRs/complaints, tracking status, downloading FIR copies, and requesting verifications
B. Only downloading tax forms
C. Only booking railway tickets
D. Only checking Aadhaar status

Correct Answer: Option A

Short Explanation:
The Digital Police Portal offers a range of citizen services, from filing and tracking complaints to requesting various verifications.

Question 379

Which of these best reflects the correct understanding of why "attempting direct resolution first" is recommended before filing a formal complaint?

A. Direct resolution is never effective and should be skipped
B. Many issues can be resolved quickly without needing formal escalation, saving time for both parties
C. Formal complaints are always faster than direct resolution
D. Direct resolution is only relevant for banking issues

Correct Answer: Option B

Short Explanation:
Attempting direct resolution first can often resolve simpler issues quickly, reserving formal complaint systems for matters that genuinely require them.

Question 380

Which of these best reflects the correct understanding of "CISG-2025-02" in relation to the broader grievance and cybercrime ecosystem (as covered across categories)?

A. It has no connection to cybersecurity or grievance systems
B. It's a CERT-In guideline mandating cybersecurity audits, indirectly supporting a safer overall digital service ecosystem
C. It exclusively governs banking Ombudsman procedures
D. It is a railway safety regulation

Correct Answer: Option B

Short Explanation:
While primarily a cybersecurity guideline, CISG-2025-02 contributes to a safer overall ecosystem that citizens rely on for various digital services and complaints.

Question 381

Which of these best reflects the correct understanding of "jurisdiction-neutral" as applied to the RBI Integrated Ombudsman Scheme?

A. Complaints can only be filed in the state where the bank's headquarters is located
B. Customers can file complaints without worrying about which specific RBI office holds jurisdiction over their case
C. Jurisdiction rules make the scheme more complicated than before
D. The scheme applies only to complaints below ₹1,000

Correct Answer: Option B

Short Explanation:
The "One Nation One Ombudsman" jurisdiction-neutral approach simplifies the complaint process by removing location-based jurisdiction barriers.

Question 382

Which of these best reflects the correct understanding of why "matching the right system" appears repeatedly across this module's examples?

A. It has no real bearing on complaint outcomes
B. It reinforces the practical skill of directing each specific type of grievance to its correct, dedicated channel
C. All systems are functionally identical regardless of category
D. Matching systems correctly is only relevant for banking complaints

Correct Answer: Option B

Short Explanation:
This repeated emphasis reinforces the core practical skill this module teaches: correctly matching grievances to their appropriate system.

Question 383

Which of these best reflects the correct action if you're uncertain whether your issue is a "consumer complaint" or a "CPGRAMS grievance"?

A. File with whichever system seems more convenient regardless of accuracy
B. Consider the nature of the issue — a defective product/service points to consumer complaint, while a general government service issue points to CPGRAMS
C. Only file with CPGRAMS regardless of the issue
D. Assume no distinction exists between the two systems

Correct Answer: Option B

Short Explanation:
Considering whether the issue relates to a private consumer transaction or a government service helps determine the correct system to use.

Question 384

Which of these best reflects the correct scope of NCRB's (National Crime Records Bureau) role in relation to CCTNS?

A. NCRB has no connection to CCTNS
B. NCRB, under the Ministry of Home Affairs, implements CCTNS nationally
C. NCRB only manages railway safety
D. NCRB exclusively handles banking complaints

Correct Answer: Option B

Short Explanation:
NCRB, under MHA, is responsible for implementing and maintaining the CCTNS platform connecting police stations nationwide.

Question 385

Which of these best reflects why over 99% of FIRs are now filed through CCTNS?

A. CCTNS has made digital FIR filing and tracking the standard, widely adopted process across India
B. FIRs can no longer be filed in person under any circumstances
C. CCTNS is used only in a handful of cities
D. This figure reflects unrelated banking transactions, not FIRs

Correct Answer: Option A

Short Explanation:
The high adoption rate reflects CCTNS's success in becoming the standard, widely used method for FIR registration nationwide.

Question 386

Which of these best reflects the correct definition of "Consumer Education & Protection Department (CEPD)"?

A. A private consumer rights NGO
B. The RBI department handling appeals related to Banking Ombudsman decisions
C. A department managing railway complaints
D. A ministry unrelated to banking

Correct Answer: Option B

Short Explanation:
CEPD, within the RBI, specifically handles the appeal process for Banking Ombudsman Scheme decisions.

Question 387

Which of these best reflects appropriate practice for keeping records related to any of these grievance systems?

A. Discard all correspondence and reference numbers immediately
B. Keep all registration/reference numbers and correspondence until the issue is fully resolved
C. Only keep records for complaints exceeding ₹1 lakh
D. Record-keeping has no bearing on the resolution process

Correct Answer: Option B

Short Explanation:
Maintaining records and reference numbers until full resolution helps support any necessary follow-up or appeal.

Question 388

Which of these best reflects a citizen's correct understanding of the difference between an "NC Report" and a full "FIR"?

A. They are identical in every respect
B. An NC Report applies to less serious matters not requiring immediate arrest, while an FIR applies to cognizable offences
C. NC Reports are used only for banking fraud
D. FIRs can only be filed for property disputes

Correct Answer: Option B

Short Explanation:
The distinction lies in the offence's severity — cognizable offences warrant a full FIR, while less serious matters may result in an NC Report.

Question 389

Which of these best reflects the correct understanding of why banks and NBFCs are given a 30-day window before RBI Ombudsman escalation is possible?

A. To give the regulated entity a fair opportunity to resolve the issue directly first
B. Because RBI Ombudsman complaints take exactly 30 days to process regardless of circumstances
C. The 30-day window has no practical purpose
D. To delay resolution unnecessarily for the customer

Correct Answer: Option A

Short Explanation:
The 30-day window ensures the bank or NBFC has a genuine opportunity to resolve the complaint before formal escalation to the Ombudsman.

Question 390

Which of these best reflects why grievance systems in this module are described as forming "a dedicated channel so that no citizen grievance goes without a proper channel"?

A. India lacks any structured complaint mechanisms
B. Each type of grievance (government service, consumer, information request, cybercrime, criminal, banking) has its own specific, dedicated system
C. Only one single system handles every possible type of complaint
D. Citizens must resolve all grievances without any government assistance

Correct Answer: Option B

Short Explanation:
This module highlights how India has built distinct, dedicated systems tailored to different categories of citizen grievances.

Question 391

Which of these best reflects the correct understanding of why "speed" matters in escalating a banking complaint to the Ombudsman?

A. Speed has no bearing on Ombudsman proceedings
B. While the Ombudsman process itself doesn't require the same urgency as fraud reporting, timely escalation still avoids unnecessary delay in resolution
C. Complaints escalated quickly always receive higher compensation
D. The RBI Ombudsman only accepts complaints filed within 24 hours of an issue

Correct Answer: Option B

Short Explanation:
While not as time-critical as fraud reporting, escalating promptly once the 30-day window has passed still helps avoid unnecessary delays in resolution.

Question 392

Which of these best reflects the correct process for tracking an RTI application after submission?

A. RTI applications cannot be tracked once submitted
B. Applicants can track status online and escalate via First/Second Appeal if unresolved within the 30-day window
C. Tracking is only available for RTI requests exceeding ₹10 lakh in value
D. RTI tracking requires visiting the office in person every day

Correct Answer: Option B

Short Explanation:
RTI applications can be tracked online, with a structured appeal process available if the 30-day response window passes without resolution.

Question 393

Which of these best reflects the correct scope of "banking regulation" underlying the Ombudsman Scheme's authority?

A. The Ombudsman Scheme operates without any specific legal basis
B. It draws its authority from Section 35A of the Banking Regulation Act, 1949
C. It is based solely on informal RBI guidance with no statutory backing
D. It is governed entirely by the Consumer Protection Act, 2019

Correct Answer: Option B

Short Explanation:
The RBI Ombudsman Scheme's authority is grounded in the statutory power granted under Section 35A of the Banking Regulation Act, 1949.

Question 394

Which of these best reflects the correct understanding of "unified grievance systems" versus "specialised grievance systems" as covered in this module?

A. All grievance systems are functionally identical
B. Systems like CPGRAMS handle broad government service issues, while specialised systems like the Banking Ombudsman address specific sectors
C. Only specialised systems exist; no unified system covers general government services
D. Unified systems have completely replaced all specialised systems

Correct Answer: Option B

Short Explanation:
This module distinguishes between broad, unified systems like CPGRAMS and sector-specific specialised systems like the Banking Ombudsman.

Question 395

Which of these best reflects the correct approach for a citizen filing multiple related grievances (e.g., a fraud involving both a bank and a fraudulent website)?

A. File only one complaint and ignore the other aspects
B. File appropriately with each relevant system — for example, cybercrime.gov.in for the fraud and the Banking Ombudsman for unresolved banking issues
C. Only the police can handle such combined situations
D. Combined situations cannot be reported to any system

Correct Answer: Option B

Short Explanation:
Complex situations spanning multiple issues may require filing with more than one appropriate system to address each aspect fully.

Question 396

Which of these best reflects the correct understanding of why the RBI consolidated three earlier ombudsman schemes into one in 2021?

A. To make the complaint process more complicated for consumers
B. To simplify and streamline banking/financial grievance redressal under a single, jurisdiction-neutral mechanism
C. To eliminate the ombudsman function entirely
D. To limit banking Ombudsman access only to businesses

Correct Answer: Option B

Short Explanation:
Consolidating the schemes simplified the process for consumers, providing one clear mechanism instead of three separate, potentially confusing ones.

Question 397

Which of these best reflects the correct understanding of why "evidence" matters equally across police complaints, consumer complaints, and banking Ombudsman cases?

A. Evidence is only relevant to police complaints
B. Across all these systems, clear evidence strengthens the case and supports faster, more accurate resolution
C. Evidence has no bearing on any of these grievance processes
D. Only written evidence is ever accepted; no digital evidence is valid

Correct Answer: Option B

Short Explanation:
Regardless of the specific system, providing clear, relevant evidence consistently improves the chances of an effective and timely resolution.

Question 398

Which of these best reflects the correct understanding of this module's core teaching approach?

A. It introduces entirely new topics unrelated to citizen services
B. It consolidates knowledge of multiple complaint systems (CPGRAMS, consumer, RTI, cybercrime, police, banking) into one practical framework
C. It focuses exclusively on banking-related topics
D. It replaces the need to understand any specific system in detail

Correct Answer: Option B

Short Explanation:
This module's purpose is to bring together various complaint mechanisms into a single practical framework for effective citizen use.

Question 399

Which of these best reflects why "knowing the correct escalation path in advance" is emphasised throughout this module?

A. It has no bearing on how quickly or effectively a grievance is resolved
B. Knowing the path in advance allows citizens to act efficiently rather than losing time figuring out the process during an actual grievance
C. Escalation paths are identical across every possible situation
D. Only lawyers need to understand escalation paths

Correct Answer: Option B

Short Explanation:
Advance knowledge of the correct escalation path allows citizens to act quickly and effectively when an actual grievance arises.

Question 400

Considering everything in this module, what is the central lesson about government grievance and complaint systems in India?

A. Matching your issue to the correct system, providing clear evidence, and using tracking/appeal mechanisms together determine successful resolution
B. All grievances should be handled informally without any structured system
C. Only wealthy citizens can effectively access these grievance systems
D. Grievance systems in India lack any structured escalation or tracking mechanisms

Correct Answer: Option A

Short Explanation:
The central lesson is that success in resolving grievances depends on correctly matching the system, providing solid evidence, and using tracking and appeal tools effectively.

Question 401

Which Article of the Constitution establishes the Election Commission of India?

A. Article 1
B. Article 324
C. Article 32
D. Article 51A

Correct Answer: Option B

Short Explanation:
Article 324 establishes the ECI as an independent constitutional body responsible for conducting elections.

Question 402

When was the Election Commission of India established?

A. 25 January 1950
B. 26 January 1950
C. 15 August 1947
D. 26 November 1949

Correct Answer: Option A

Short Explanation:
The ECI was established on 25 January 1950, a date now celebrated annually as National Voters' Day.

Question 403

What is the composition of the Election Commission of India?

A. A Chief Election Commissioner alone
B. A Chief Election Commissioner and two Election Commissioners
C. Five Election Commissioners
D. A Prime Minister-appointed committee only

Correct Answer: Option B

Short Explanation:
The ECI comprises a Chief Election Commissioner (CEC) and two Election Commissioners, as of current structure.

Question 404

What is the minimum voting age in India?

A. 21 years
B. 18 years
C. 16 years
D. 25 years

Correct Answer: Option B

Short Explanation:
Indian citizens become eligible to vote once they reach 18 years of age.

Question 405

Which form is used for new voter registration in India?

A. Form 6
B. Form 7
C. Form 8
D. Form 16

Correct Answer: Option A

Short Explanation:
Form 6 is used for registering as a new voter, or when moving to a new constituency.

Question 406

Which form is used to object to or seek deletion of an entry in the electoral roll?

A. Form 6
B. Form 7
C. Form 8
D. Form 12

Correct Answer: Option B

Short Explanation:
Form 7 is used to object to an existing entry, such as for a deceased or relocated voter.

Question 407

Which form is used for correcting details within the same constituency?

A. Form 6
B. Form 7
C. Form 8
D. Form 10

Correct Answer: Option C

Short Explanation:
Form 8 is used specifically for correcting existing voter details, like name spelling or address, within the same constituency.

Question 408

What is the "electoral roll"?

A. A list of candidates contesting elections
B. The official list of all registered voters in a constituency
C. A schedule of election dates
D. A record of Model Code of Conduct violations

Correct Answer: Option B

Short Explanation:
The electoral roll is the official register maintained by the ECI listing all eligible, registered voters in a constituency.

Question 409

What is an "e-EPIC"?

A. A physical voter ID card only
B. The digital version of the Electors Photo Identity Card
C. A type of Aadhaar card
D. A railway pass

Correct Answer: Option B

Short Explanation:
e-EPIC is the digital, downloadable version of the Voter ID card, available after successful registration.

Question 410

What does the Model Code of Conduct (MCC) primarily govern?

A. Banking transactions during elections
B. The conduct of political parties and candidates during elections
C. Railway ticket pricing
D. School curricula

Correct Answer: Option B

Short Explanation:
The MCC sets guidelines for how political parties and candidates should conduct themselves during the election period.

Question 411

When does the Model Code of Conduct come into force?

A. Only after the results are announced
B. Immediately upon the announcement of the election schedule
C. Only on the day of voting
D. It applies throughout the entire year, regardless of elections

Correct Answer: Option B

Short Explanation:
The MCC becomes effective as soon as the election schedule is announced and remains in force until the process concludes.

Question 412

In which state's elections did the Model Code of Conduct originate?

A. Kerala, in the 1960 Assembly elections
B. Tamil Nadu
C. Uttar Pradesh
D. Maharashtra

Correct Answer: Option A

Short Explanation:
The MCC originated with Kerala's 1960 Assembly elections before being circulated nationally ahead of the 1962 Lok Sabha elections.

Question 413

What is a VVPAT?

A. A Voter Verifiable Paper Audit Trail, confirming an EVM vote via a printed slip
B. A type of voter identity card
C. A ballot box used before EVMs
D. A political party symbol

Correct Answer: Option A

Short Explanation:
VVPAT is an attached unit that briefly displays a printed paper slip confirming the vote cast on an EVM.

Question 414

Which Supreme Court case made VVPATs a mandatory safeguard?

A. Kesavananda Bharati case
B. Subramanian Swamy vs Election Commission of India
C. Maneka Gandhi case
D. Vishaka case

Correct Answer: Option B

Short Explanation:
This case established VVPATs as an indispensable requirement for ensuring free and fair elections in India.

Question 415

How many EVMs per assembly constituency/segment are subject to random VVPAT cross-verification, following Supreme Court directions?

A. 1
B. 5
C. 50
D. All EVMs in every constituency

Correct Answer: Option B

Short Explanation:
Following the N. Chandrababu Naidu case, random VVPAT verification was increased from 1 to 5 EVMs per assembly constituency/segment.

Question 416

In April 2024, what did the Supreme Court rule regarding EVM-VVPAT verification?

A. It mandated 100% cross-verification of every EVM
B. It upheld the existing EVM-VVPAT system, rejecting 100% cross-verification or a return to paper ballots
C. It banned EVMs entirely
D. It transferred all election duties to state governments

Correct Answer: Option B

Short Explanation:
The April 2024 ruling affirmed EVMs as secure and user-friendly, while directing additional safeguards rather than mandating full manual verification.

Question 417

What is the correct order of steps at a polling booth?

A. EVM vote → ID verification → indelible ink → VVPAT confirmation
B. ID verification → indelible ink marking → sign/thumbprint the register → cast vote on EVM → VVPAT slip confirmation
C. VVPAT confirmation → ID verification → EVM vote
D. Indelible ink → EVM vote → ID verification

Correct Answer: Option B

Short Explanation:
This is the standard, sequential process every voter follows at a polling booth to ensure accurate, verified voting.

Question 418

What should a voter do if they believe their VVPAT slip didn't match their EVM selection?

A. Leave the booth without saying anything
B. Raise it immediately with the presiding officer at the booth
C. Wait until after the election results to complain
D. Nothing can be done in this situation

Correct Answer: Option B

Short Explanation:
Prescribed procedures allow voters to raise VVPAT mismatch concerns directly with the presiding officer at the time of voting.

Question 419

Who is India's current Chief Election Commissioner, as of 2026?

A. Gyanesh Kumar
B. Rajiv Kumar
C. Sunil Arora
D. Om Birla

Correct Answer: Option A

Short Explanation:
Gyanesh Kumar became the 26th Chief Election Commissioner, assuming office on 19 February 2025.

Question 420

Approximately how many registered voters does India have?

A. About 10 million
B. Over 900 million
C. About 1 million
D. About 50 million

Correct Answer: Option B

Short Explanation:
India's electoral rolls include over 900 million (90+ crore) registered voters, among the largest in the world.

Question 421

Ramesh just turned 18 and wants to vote in the next election. What should he do?

A. Assume he is automatically registered
B. Register using Form 6 on voters.eci.gov.in
C. Wait until age 21 to register
D. Register only through his employer

Correct Answer: Option B

Short Explanation:
Voter registration requires an active application via Form 6; it does not happen automatically upon turning 18.

Question 422

Is a voter required to disclose who they voted for if asked?

A. Yes, it must be disclosed to authorities upon request
B. No, the secrecy of the ballot means voters are never obligated to disclose their vote
C. Only if requested by a political party
D. Only in state elections, not national ones

Correct Answer: Option B

Short Explanation:
The secrecy of the ballot is a core democratic principle, ensuring voters are never required to reveal their choice.

Question 423

What is the correct definition of "ethical voting practices," as covered in this module?

A. Voting based on payment received from a candidate
B. Voting based on informed judgement, free from inducement, coercion, or bribery
C. Voting only if instructed by a family member
D. Avoiding voting altogether to remain neutral

Correct Answer: Option B

Short Explanation:
Ethical voting means casting your vote based on your own free, informed judgement, without succumbing to bribery or coercion.

Question 424

Which Act governs the preparation of electoral rolls in India?

A. Representation of the People Act, 1950
B. Representation of the People Act, 1951
C. The Aadhaar Act, 2016
D. The RTI Act, 2005

Correct Answer: Option A

Short Explanation:
The Representation of the People Act, 1950, specifically governs the preparation and maintenance of electoral rolls.

Question 425

Which Act governs the actual conduct of elections in India?

A. Representation of the People Act, 1950
B. Representation of the People Act, 1951
C. The Consumer Protection Act, 2019
D. The Electricity Act, 2003

Correct Answer: Option B

Short Explanation:
The Representation of the People Act, 1951, governs the actual conduct and administration of elections in India.

Question 426

Which Act governs the appointment and service conditions of the CEC and Election Commissioners?

A. The Aadhaar Act, 2016
B. The Chief Election Commissioner and Other Election Commissioners Act, 2023
C. The Consumer Protection Act, 2019
D. The RTI Act, 2005

Correct Answer: Option B

Short Explanation:
This 2023 Act specifically governs the appointment process, service conditions, and term of the CEC and Election Commissioners.

Question 427

What is the term length for the Chief Election Commissioner?

A. 6 years, or until age 65, whichever comes first
B. 10 years with no age limit
C. 2 years only
D. Lifetime appointment

Correct Answer: Option A

Short Explanation:
The CEC's term is 6 years, or until reaching age 65, whichever occurs first.

Question 428

Which of these best reflects who recommends the appointment of the CEC to the President?

A. A Selection Committee headed by the Prime Minister, including the Leader of the Opposition and a Union Minister
B. The Chief Justice of India alone
C. State Governors collectively
D. The outgoing CEC alone

Correct Answer: Option A

Short Explanation:
The CEC is appointed by the President based on the recommendation of a Selection Committee that includes the PM, Leader of Opposition, and a nominated Union Minister.

Question 429

Which of these best reflects a myth about voter registration addressed in this module?

A. Voter registration requires filing Form 6
B. Turning 18 automatically registers you to vote
C. The National Voters' Service Portal handles registration
D. BLOs may verify registration details

Correct Answer: Option B

Short Explanation:
This is a myth; voter registration requires an active application, and does not happen automatically simply upon reaching 18.

Question 430

Which of these best reflects a myth about EVMs addressed in this module?

A. EVMs have been reviewed and upheld multiple times by the Supreme Court
B. EVMs have never been legally reviewed by any court
C. VVPAT verification exists as a safeguard for EVMs
D. The April 2024 ruling addressed EVM-VVPAT verification

Correct Answer: Option B

Short Explanation:
This is a myth; the Supreme Court has reviewed and upheld the EVM-VVPAT system multiple times, including significantly in April 2024.

Question 431

Which of these best reflects the correct role of a Booth Level Officer (BLO)?

A. Managing national election result declarations
B. Conducting local field verification for voter registration
C. Regulating banking transactions
D. Issuing passports

Correct Answer: Option B

Short Explanation:
BLOs handle ground-level verification tasks related to voter registration within their assigned areas.

Question 432

Which of these best reflects the correct understanding of why the MCC applies "immediately upon election schedule announcement"?

A. To allow parties unlimited time to prepare campaigns before any restrictions apply
B. To ensure a level playing field is established as soon as the electoral process formally begins
C. The MCC actually applies only after voting concludes
D. The MCC has no defined start point

Correct Answer: Option B

Short Explanation:
Applying the MCC from the schedule's announcement ensures fair conduct is maintained throughout the entire election process.

Question 433

Which of these best reflects the correct understanding of why India's Lok Sabha elections are described as involving "the largest election-conducting organisation in the world"?

A. Because ECI deploys over a million personnel across a voter base exceeding 900 million
B. Because India has fewer voters than most countries
C. Because elections in India are conducted entirely by a private company
D. Because ECI only manages a handful of constituencies

Correct Answer: Option A

Short Explanation:
The sheer scale of India's electorate and personnel deployment during Lok Sabha elections makes ECI's operation the largest of its kind globally.

Question 434

Which of these best reflects the correct action if a voter moves to a new city before an election?

A. They lose their right to vote permanently
B. They should register at their new address via Form 6, which also facilitates removal from the previous roll
C. They must wait five years before re-registering
D. They can vote at their old address indefinitely with no update needed

Correct Answer: Option B

Short Explanation:
Re-registering via Form 6 at the new address ensures the voter's roll entry accurately reflects their current constituency.

Question 435

Which of these best reflects the correct understanding of why "checking your polling booth location in advance" is recommended?

A. It has no practical benefit
B. It avoids last-minute confusion and ensures voters know exactly where to go on election day
C. Polling booth locations never change and require no verification
D. Only first-time voters need to check their polling booth

Correct Answer: Option B

Short Explanation:
Verifying your polling booth location ahead of time helps avoid unnecessary last-minute confusion on election day.

Question 436

Which of these best reflects the correct scope of "Chief Electoral Officers (CEOs)"?

A. They manage private companies' elections
B. State-level officers implementing ECI directions and managing state electoral rolls
C. They are equivalent to Union Ministers
D. They oversee India's foreign policy

Correct Answer: Option B

Short Explanation:
CEOs operate at the state level, implementing the ECI's directions and maintaining electoral rolls within their respective states.

Question 437

Which of these best reflects the correct understanding of why EVMs are described as offering greater efficiency compared to paper ballots?

A. EVMs have no efficiency advantage over paper ballots
B. EVMs streamline vote counting and reduce certain types of errors compared to manual paper ballot processes
C. EVMs require more time to count votes than paper ballots
D. EVMs eliminate the need for any polling staff

Correct Answer: Option B

Short Explanation:
EVMs are generally understood to offer efficiency advantages in vote recording and counting compared to traditional paper ballot systems.

Question 438

Which of these best reflects why the National Voters' Day is celebrated on 25 January?

A. It marks India's Independence Day
B. It marks the ECI's founding date in 1950
C. It marks the date of the first general election
D. It has no historical significance

Correct Answer: Option B

Short Explanation:
National Voters' Day commemorates the ECI's establishment on 25 January 1950, encouraging voter registration and participation.

Question 439

Which of these best reflects the correct understanding of India's global role in democracy promotion, as referenced in this module?

A. India has no international involvement in election-related matters
B. India assumed the chairmanship of International IDEA's Council of Member States for 2026
C. India's elections are managed by an international body, not the ECI
D. This has no connection to the ECI's work

Correct Answer: Option B

Short Explanation:
India's assumption of the International IDEA chairmanship for 2026 reflects its global standing in democratic governance and election management.

Question 440

Which of these best reflects the correct understanding of "wide citizen participation" strengthening democracy, as discussed in this module?

A. Voter turnout has no bearing on a government's legitimacy
B. Broad citizen participation strengthens the legitimacy and representativeness of elected governments
C. Only a small percentage of eligible voters need to participate for full legitimacy
D. Citizen participation is irrelevant to democratic outcomes

Correct Answer: Option B

Short Explanation:
This module emphasises that wide, informed citizen participation reinforces the legitimacy of democratically elected governments.

Question 441

Which of these best reflects the correct process for verifying unofficial claims about polling dates seen on social media?

A. Trust and share any claim immediately
B. Verify independently through the ECI's official website or app before acting on it
C. Assume all social media claims about elections are accurate
D. There is no way to verify such claims

Correct Answer: Option B

Short Explanation:
Independent verification through official ECI sources protects citizens from misinformation about elections.

Question 442

Which of these best reflects the correct scope of "Cultural and Educational Rights" in relation to this module's broader citizen rights context (cross-referenced from earlier modules)?

A. It has no connection to voting or elections
B. While distinct from voting rights, it reflects the broader constitutional framework protecting citizen participation and identity
C. It exclusively governs election symbol allocation
D. It replaces the need for voter registration

Correct Answer: Option B

Short Explanation:
While a separate right, understanding the broader constitutional framework helps citizens see how various rights, including democratic participation, fit together.

Question 443

Which of these best reflects the correct understanding of why "checking eligibility even if you assume you're already registered" matters?

A. It has no practical value
B. Discrepancies in registration details can only be discovered by checking, potentially avoiding losing your vote on election day
C. All registrations are guaranteed to be error-free automatically
D. Only first-time voters need to check their registration status

Correct Answer: Option B

Short Explanation:
Proactively checking registration details helps catch errors (like address or name mismatches) before they cause problems on election day.

Question 444

Which of these best reflects the correct understanding of the relationship between "Model Code of Conduct" enforcement and the ECI's independence?

A. The ECI's independence has no bearing on MCC enforcement
B. The ECI's independence from the government of the day allows it to enforce the MCC impartially
C. The MCC is enforced by the ruling political party, not the ECI
D. MCC enforcement is entirely voluntary with no ECI oversight

Correct Answer: Option B

Short Explanation:
The ECI's constitutional independence is precisely what allows it to enforce the MCC fairly across all parties and candidates.

Question 445

Which of these best reflects the correct understanding of "informed voting," as distinct from simply casting a vote?

A. Informed voting requires no independent judgement
B. Informed voting means understanding your choices and casting a vote based on your own free judgement, verified through official information sources
C. Informed voting means voting exactly as instructed by others
D. Informed voting is irrelevant to democratic participation

Correct Answer: Option B

Short Explanation:
Informed voting emphasises independent judgement supported by verified, official information, distinguishing it from uninformed or coerced voting.

Question 446

Which of these best reflects the correct understanding of why "reporting MCC violations" is encouraged?

A. MCC violations should be ignored to avoid controversy
B. Reporting violations helps maintain the fairness and integrity the MCC is designed to protect during elections
C. Only political parties are permitted to report MCC violations
D. MCC violations cannot be reported to any authority

Correct Answer: Option B

Short Explanation:
Citizen reporting of MCC violations supports the broader goal of maintaining a fair and transparent electoral process.

Question 447

Which of these best reflects the correct understanding of "e-EPIC" legal acceptance?

A. e-EPIC has no legal standing whatsoever
B. e-EPIC serves as a valid digital form of voter identification, downloadable after registration
C. e-EPIC can only be used for banking purposes
D. e-EPIC replaces the need for voter registration entirely

Correct Answer: Option B

Short Explanation:
e-EPIC provides a legitimate, digital form of voter ID, offering convenience alongside the traditional physical card.

Question 448

Which of these best reflects the correct understanding of the Supreme Court's approach to EVM-related petitions over time?

A. The Court has consistently dismissed any need for safeguards
B. The Court has both mandated safeguards (like VVPAT) and rejected further changes (like 100% verification) based on evidence presented
C. The Court has never addressed any EVM-related case
D. The Court's rulings on EVMs have had no practical effect

Correct Answer: Option B

Short Explanation:
Over time, the Supreme Court has both strengthened safeguards (mandating VVPAT) and declined further changes it deemed unnecessary, based on the evidence and arguments presented.

Question 449

Which of these best reflects the correct, non-partisan framing this module uses when discussing elections?

A. The module advocates for specific political parties or candidates
B. The module focuses strictly on institutions, processes, and civic mechanics, remaining neutral on political matters
C. The module discourages citizens from voting
D. The module only discusses election controversies without any factual grounding

Correct Answer: Option B

Short Explanation:
This module deliberately maintains a strictly non-partisan focus on how India's electoral institutions and processes function.

Question 450

Considering everything in this module, what is the central lesson about Elections & Democratic Participation?

A. Elections are purely ceremonial with no real impact on governance
B. Understanding the ECI, registration process, voting mechanics, and ethical practices empowers citizens to participate meaningfully in democracy
C. Only political party members need to understand how elections work
D. EVMs and VVPATs have no legal or procedural safeguards

Correct Answer: Option B

Short Explanation:
The central lesson is that understanding these institutions and processes transforms voting into a genuinely informed, empowered act of civic participation.

Question 451

What are the four pillars of "Smart Citizenship" described in this module?

A. Informed, Safe, Respectful, Proactive
B. Rich, Powerful, Connected, Famous
C. Fast, Cheap, Easy, Convenient
D. Local, State, Central, International

Correct Answer: Option A

Short Explanation:
These four pillars form the framework for engaging with government services thoughtfully, safely, and effectively.

Question 452

What is the fastest way to check if a government website is genuine?

A. Judge it by how professional it looks
B. Verify it ends in .gov.in or .nic.in
C. Trust it if it appears in a search engine ad
D. Check if it has a large number of visitors

Correct Answer: Option B

Short Explanation:
The domain check — confirming .gov.in or .nic.in — remains the single fastest and most reliable authenticity test.

Question 453

Do genuine government schemes typically charge a registration fee?

A. Yes, all schemes require a registration fee
B. No, legitimate schemes do not charge citizens to register or be considered eligible
C. Only schemes for farmers charge a fee
D. Fees are required only for online applications

Correct Answer: Option B

Short Explanation:
Genuine government schemes are free to apply for; any registration fee request is a red flag for fraud.

Question 454

What should you do if you receive a WhatsApp message claiming your Aadhaar will be deactivated unless you click a link?

A. Click the link immediately
B. Ignore the link and verify your Aadhaar status directly via uidai.gov.in or the mAadhaar app
C. Reply with your Aadhaar number to confirm
D. Forward the link to family to verify collectively

Correct Answer: Option B

Short Explanation:
This is a common fraud pattern; verifying directly through official UIDAI channels avoids falling for the scam.

Question 455

What is "masked Aadhaar" used for, as recapped in this module?

A. Permanently replacing your Aadhaar number
B. Showing only the last 4 digits for safer physical sharing
C. Hiding your name from all documents
D. Making Aadhaar invalid for identity verification

Correct Answer: Option B

Short Explanation:
Masked Aadhaar offers a privacy-protective way to share identity proof by hiding the first 8 digits.

Question 456

What is the correct response to a call claiming you're "pre-approved" for a government scheme requiring a small verification fee?

A. Pay the fee since being "pre-approved" seems credible
B. Recognise this as a fraud pattern, since genuine schemes never charge for registration or approval
C. Share your bank OTP to expedite the process
D. Ask the caller to increase the approved amount first

Correct Answer: Option B

Short Explanation:
No legitimate government scheme requires a "verification fee" for approval; this is a well-documented scam pattern.

Question 457

Which of these best reflects the "Informed" pillar of smart citizenship?

A. Knowing which government level/authority/portal handles your issue
B. Ignoring official sources entirely
C. Assuming all schemes work identically everywhere
D. Avoiding any interaction with government services

Correct Answer: Option A

Short Explanation:
Being "Informed" means understanding which specific authority or portal is responsible for handling your particular need.

Question 458

Which of these best reflects the "Proactive" pillar of smart citizenship?

A. Waiting for problems before checking documents or eligibility
B. Not waiting for problems — checking, renewing, and reviewing regularly
C. Avoiding all government interactions
D. Only acting after receiving a warning notice

Correct Answer: Option B

Short Explanation:
Being "Proactive" means regularly reviewing documents, registrations, and eligibility rather than waiting for a problem to force action.

Question 459

What is a common fraud pattern involving fake government job offers?

A. Genuine government recruitment always requires an upfront training fee
B. Fraudulent offers request an upfront "fee" or "training charge" before hiring
C. Government jobs are never advertised, so all offers are automatically genuine
D. Fake job offers are always sent through official .gov.in emails

Correct Answer: Option B

Short Explanation:
Genuine government recruitment never charges candidates a fee; such requests are a clear sign of fraud.

Question 460

How do genuine government subsidies typically reach beneficiaries?

A. Through unsolicited links requiring bank PIN entry
B. Through Direct Benefit Transfer (DBT) into an Aadhaar-seeded account
C. Only through cash handed over in person
D. Only through registered postal mail

Correct Answer: Option B

Short Explanation:
Legitimate subsidies are delivered via DBT directly into Aadhaar-seeded accounts, not through links demanding sensitive banking details.

Question 461

Which of these best reflects why fraudsters often reference real scheme names in scam messages?

A. Real scheme names have no effect on a scam's credibility
B. Referencing a genuine scheme name lends false credibility, making the scam seem more believable
C. Using real scheme names is illegal, so scammers avoid it
D. Genuine schemes are always promoted only via scam-like messages

Correct Answer: Option B

Short Explanation:
Fraudsters exploit trust in real, well-known schemes by referencing their names, even though the scheme itself has no connection to the scam.

Question 462

What is the correct approach to verifying a new scheme or service claim before acting on it?

A. Trust it immediately if it sounds official
B. Check whether the claim originates from an official .gov.in/.nic.in source and verify independently
C. Share personal information first, then verify afterward
D. Assume verification is unnecessary if a fee is small

Correct Answer: Option B

Short Explanation:
Verifying the source and cross-checking independently before acting protects against fraudulent scheme claims.

Question 463

Which of these best reflects a "Government Service Checklist" cross-reference from earlier modules, as recapped in this capstone?

A. Prove identity → Aadhaar, PAN, Voter ID, Passport
B. Prove identity → Only DigiLocker
C. Prove identity → Only Ration Card
D. Prove identity → Only Driving Licence

Correct Answer: Option A

Short Explanation:
This module recaps that Aadhaar, PAN, Voter ID, and Passport collectively serve as core identity-proving documents, as detailed in Module 2.

Question 464

Which platform would you use to access welfare schemes like PM-KISAN and PM-JAY, as recapped in this module?

A. Only physical government offices
B. Official scheme portals or UMANG
C. Unofficial social media groups
D. Only through private agents

Correct Answer: Option B

Short Explanation:
Official scheme portals and UMANG provide safe, direct access to welfare schemes without needing unofficial intermediaries.

Question 465

Which of these best reflects a common citizen mistake recapped from Module 1 in this capstone?

A. Correctly identifying which government level handles an issue
B. Approaching the wrong level of government for an issue
C. Understanding the three branches of government
D. Knowing local representatives' roles

Correct Answer: Option B

Short Explanation:
This recurring mistake — approaching the wrong government level — is highlighted as a common, avoidable error across the category.

Question 466

Which of these best reflects why "responsible digital citizenship" specifically warns against submitting false information on government portals?

A. False information has no legal consequences under Indian law
B. Submitting false information can constitute an offence under the IT Act and undermines platform integrity
C. Government portals cannot detect false information
D. False information is only a concern for banking platforms

Correct Answer: Option B

Short Explanation:
Submitting false information or impersonating others on government platforms is not just irresponsible but can be a legal offence.

Question 467

Which of these best reflects the correct habit for managing time-bound documents like passports and driving licences, as emphasised in this capstone?

A. Renew only after they've already expired
B. Maintain a personal renewal calendar and review it periodically
C. Assume these documents never need renewal
D. Rely entirely on the government to remind you automatically

Correct Answer: Option B

Short Explanation:
Proactively maintaining a personal renewal calendar avoids the complications of a document lapsing unexpectedly.

Question 468

Which of these best reflects the correct daily habit recommended in this module?

A. Treat unsolicited "government" calls/messages with scepticism
B. Trust all calls that mention any real ministry's name
C. Share OTPs with anyone claiming to represent a government office
D. Ignore all government-related communication entirely

Correct Answer: Option A

Short Explanation:
Maintaining healthy scepticism toward unsolicited government-related communication is a recommended daily habit in this module's checklist.

Question 469

Which of these best reflects the correct monthly habit recommended in this module?

A. Check document validity against upcoming travel/renewal needs
B. Never review any pending applications or grievances
C. Assume all documents remain valid indefinitely
D. Avoid checking scheme eligibility ever again once initially reviewed

Correct Answer: Option A

Short Explanation:
A monthly review of document validity helps citizens stay ahead of renewal deadlines and travel requirements.

Question 470

Which of these best reflects an "as-needed" action recommended in this module?

A. Verify any new scheme/service claim via its official portal before acting
B. Perform this check only once a year regardless of new claims
C. This action should never be performed under any circumstances
D. Only applies to banking-related claims

Correct Answer: Option A

Short Explanation:
Verifying new scheme or service claims is triggered specifically when such a claim arises, making it an "as-needed" action rather than a scheduled one.

Question 471

Which of these best reflects the correct response to a message claiming your ration card will expire unless you click a link immediately?

A. Click the link immediately to prevent expiry
B. Verify directly through official state PDS channels rather than trusting the unsolicited link
C. Share your Aadhaar and bank details through the link
D. Assume ration cards can never expire, so ignore all such messages without any verification

Correct Answer: Option B

Short Explanation:
Verifying through official state channels avoids the common fraud pattern of urgent, unsolicited "expiry" messages with malicious links.

Question 472

Which of these best reflects the correct understanding of why this module discourages relying on informal "agents" for government services?

A. Agents are always required to access any government service
B. Most services are designed for direct citizen access via official portals, making unnecessary agents a potential fraud risk
C. Agents are the only way to access government schemes
D. This module actively recommends using unofficial agents for convenience

Correct Answer: Option B

Short Explanation:
Since most services are accessible directly, relying on unnecessary agents introduces unnecessary fraud risk without added benefit.

Question 473

Which of these best reflects the correct scope of "Official vs Unofficial" verification signals covered in this module?

A. Only checking the domain matters; fees and contact methods are irrelevant
B. Domain, fee structure, and contact method (official vs. unsolicited) together help distinguish genuine from fraudulent services
C. Only the visual design of a website matters for verification
D. Verification signals have no practical value

Correct Answer: Option B

Short Explanation:
This module teaches a combined verification approach — domain, fees, and contact method — rather than relying on any single signal alone.

Question 474

Which of these best reflects the correct action if you discover an old, unused DigiLocker-linked account or service you no longer need?

A. Leave it entirely unreviewed indefinitely
B. Periodically review and manage such accounts as part of proactive document/account management
C. Share its login details with others for safekeeping
D. This has no bearing on citizen safety practices

Correct Answer: Option B

Short Explanation:
Proactively managing and reviewing digital accounts, including unused ones, reflects the "Proactive" pillar of smart citizenship.

Question 475

Which of these best reflects the correct cross-reference for "resolving a utility issue," as recapped from Module 6 in this capstone?

A. Discom, Jal Jeevan Mission, Rail Madad
B. Only the Election Commission
C. Only the Banking Ombudsman
D. Only CPGRAMS

Correct Answer: Option A

Short Explanation:
This recap connects utility-related issues (electricity, water, railways) to their specific responsible channels covered in Module 6.

Question 476

Which of these best reflects the correct cross-reference for "handling an emergency," as recapped from Module 7 in this capstone?

A. 112, 1930, 1098, 181
B. Only PM-KISAN
C. Only the RTI process
D. Only DigiLocker

Correct Answer: Option A

Short Explanation:
This recap connects emergency situations to the specific dedicated helplines covered in Module 7.

Question 477

Which of these best reflects the correct cross-reference for "filing a grievance," as recapped from Module 8 in this capstone?

A. CPGRAMS, e-Jagriti, Banking Ombudsman
B. Only the Election Commission
C. Only PM-JAY
D. Only Sanchar Saathi

Correct Answer: Option A

Short Explanation:
This recap connects grievance filing to the specific systems (CPGRAMS, e-Jagriti, Banking Ombudsman) detailed in Module 8.

Question 478

Which of these best reflects why this capstone module frames fraud avoidance as connecting back to JanGyan's Cyber Safety category?

A. There is no meaningful connection between government fraud avoidance and cyber safety
B. The same fraud-avoidance instincts (domain checks, never sharing OTPs) apply to both cyber safety and government service scams
C. Cyber safety and government services are entirely separate topics with no overlapping principles
D. Only cyber safety principles apply; government-specific fraud has no distinct patterns

Correct Answer: Option B

Short Explanation:
This module deliberately bridges the two categories, showing that core fraud-avoidance habits apply consistently across both domains.

Question 479

Which of these best reflects the correct understanding of why "never sharing an OTP" applies as strongly to government services as to banking?

A. OTPs for government services have no real security function
B. OTPs authorise sensitive actions across many platforms, including Aadhaar, DigiLocker, and e-KYC, making this rule universal
C. This rule applies only to banking OTPs, not government service OTPks
D. Only OTPs longer than 6 digits need to be protected

Correct Answer: Option B

Short Explanation:
Since OTPs authorise sensitive actions across many types of platforms, the rule against sharing them applies universally, not just to banking.

Question 480

Which of these best reflects the correct habit for verifying a job or task requiring an upfront government-related fee?

A. Pay the fee since government-related opportunities are always genuine
B. Treat any upfront fee request for a "government job" or "scheme registration" with strong suspicion
C. Share personal banking details to expedite the process
D. Only pay if requested via a phone call rather than in writing

Correct Answer: Option B

Short Explanation:
Requests for upfront payment tied to government jobs or schemes are a strong, consistent red flag across all patterns covered in this module.

Question 481

Which of these best reflects why this module includes a "Master Directory" of official government websites?

A. To provide decoration with no functional purpose
B. To give citizens a single, reliable reference point for bookmarking and quickly accessing genuine portals
C. To replace the need for understanding any of the category's content
D. To discourage citizens from using government services online

Correct Answer: Option B

Short Explanation:
The master directory serves as a practical, easy reference tool, helping citizens quickly access verified official portals without searching.

Question 482

Which of these best reflects the "Respectful" pillar of smart citizenship?

A. Engaging with government platforms and staff constructively
B. Ignoring platform rules and engaging disruptively
C. Avoiding all interaction with government representatives
D. Submitting false complaints repeatedly

Correct Answer: Option A

Short Explanation:
The "Respectful" pillar emphasises constructive engagement with government platforms, services, and staff.

Question 483

Which of these best reflects the correct understanding of why "verifying through UMANG or MyGov" is recommended before trusting a scheme claim heard informally?

A. Word-of-mouth information is always completely accurate
B. Official platforms like UMANG or MyGov provide verified information, reducing the risk of acting on inaccurate or fraudulent claims
C. UMANG and MyGov have no connection to scheme verification
D. Only banks can verify scheme information

Correct Answer: Option B

Short Explanation:
Checking claims via official platforms like UMANG or MyGov ensures citizens act on verified, accurate information rather than rumour or fraud.

Question 484

Which of these best reflects a mistake related to document safety recapped in this capstone?

A. Using masked Aadhaar for physical copies
B. Posting Aadhaar, PAN, or passport copies publicly on social media
C. Backing up documents on DigiLocker
D. Keeping a renewal calendar for time-bound documents

Correct Answer: Option B

Short Explanation:
Publicly posting identity document copies remains one of the most common and avoidable document safety mistakes.

Question 485

Which of these best reflects why this module positions itself as "the final synthesis" for the Government Services & Citizen Rights category?

A. It introduces entirely new, unrelated concepts not covered elsewhere
B. It consolidates practices and lessons from Modules 1-9 into one practical, everyday guide
C. It replaces the need to have studied any previous module
D. It focuses exclusively on international governance systems

Correct Answer: Option B

Short Explanation:
As the capstone module, its explicit purpose is to bring together and operationalise everything learned across the previous nine modules.

Question 486

Which of these best reflects the correct scope of "Government Service Checklist" as a recurring theme across this module?

A. It only applies to a single, specific type of government service
B. It maps different citizen needs (identity, digital access, rights, welfare, utilities, emergencies, grievances, civic participation) to their correct module/channel
C. It has no practical application for everyday citizens
D. It applies only to central government services, excluding state and local

Correct Answer: Option B

Short Explanation:
This checklist serves as a comprehensive map connecting various citizen needs to the specific channels and modules that address them.

Question 487

Which of these best reflects the correct understanding of why "genuine schemes never charge fees" is repeated as a core message throughout this module?

A. Because this specific fraud pattern is extremely common and causes significant citizen losses
B. Because government schemes always require substantial fees, contrary to popular belief
C. Because fees are only charged by fraudulent schemes half of the time
D. Because this message has no practical relevance to citizens

Correct Answer: Option A

Short Explanation:
This message is emphasised repeatedly because fee-based scheme fraud is a widespread and damaging pattern targeting Indian citizens.

Question 488

Which of these best reflects the correct understanding of the relationship between "e-KYC" and fraud risk, as covered in this module?

A. e-KYC has no relationship to fraud whatsoever
B. Fraudulent e-KYC "update" links are a common scam pattern exploiting citizens' desire to keep accounts active
C. e-KYC is only relevant to international transactions
D. e-KYC processes cannot be faked or imitated by fraudsters

Correct Answer: Option B

Short Explanation:
Fake e-KYC update messages exploit citizens' concern about account deactivation, making this a recurring and damaging fraud pattern.

Question 489

Which of these best reflects the correct habit for a family wanting to build shared "smart citizenship" awareness?

A. Assume only one family member needs to understand these concepts
B. Review document status, scheme eligibility, and safe verification habits together periodically
C. Avoid discussing government services within the family entirely
D. Rely solely on children to teach parents about these topics

Correct Answer: Option B

Short Explanation:
Collective, periodic review as a family reinforces smart citizenship habits across all household members.

Question 490

Which of these best reflects the correct understanding of why this module references "India Stack" concepts (from Module 3) in its synthesis?

A. India Stack has no relevance to smart citizenship practices
B. Understanding the shared digital infrastructure underlying many services helps citizens navigate and verify them more confidently
C. India Stack refers exclusively to banking infrastructure
D. This module contradicts what was taught about India Stack in Module 3

Correct Answer: Option B

Short Explanation:
Reinforcing the India Stack concept helps citizens understand why services like DigiLocker, UMANG, and Aadhaar authentication are interconnected and verifiable.

Question 491

Which of these best reflects the correct scope of "Common Citizen Mistakes" recapped across this capstone module?

A. Mistakes are unique to each module with no common thread
B. Recurring mistakes include approaching the wrong authority, exposing documents publicly, and trusting unofficial links
C. Only financial mistakes are relevant to this module
D. Citizen mistakes have no bearing on service delivery outcomes

Correct Answer: Option B

Short Explanation:
This module identifies common threads across previous modules' mistakes, helping citizens recognise and avoid recurring pitfalls.

Question 492

Which of these best reflects the correct understanding of why "bookmarking official portals" is emphasised as a best practice in this module?

A. Bookmarking has no security benefit
B. It reduces reliance on search engines, which can sometimes surface fraudulent look-alike sites
C. Bookmarking is illegal for government websites
D. Only businesses should bookmark government portals

Correct Answer: Option B

Short Explanation:
Bookmarking trusted official sites reduces the risk of accidentally clicking a fraudulent look-alike link found through casual searching.

Question 493

Which of these best reflects the correct daily habit regarding OTPs, as emphasised throughout this module and its cross-references?

A. Share OTPs freely with anyone claiming official authority
B. Never share an OTP with anyone, under any circumstance, across any government or financial service
C. Share OTPs only over WhatsApp for convenience
D. OTPs are unnecessary for government service verification

Correct Answer: Option B

Short Explanation:
This universal rule against sharing OTPs applies consistently across all platforms and services covered throughout the category.

Question 494

Which of these best reflects the correct understanding of why "verifying independently" is described as more reliable than trusting a message's stated authority?

A. Verifying independently is unnecessary if a message appears professional
B. Fraudsters can convincingly impersonate authority, making independent verification the only reliable defence
C. All messages claiming government authority are automatically genuine
D. Independent verification is only relevant for very large transactions

Correct Answer: Option B

Short Explanation:
Since impersonation of authority is a core scam tactic, independently verifying claims remains the most reliable defence regardless of how convincing a message appears.

Question 495

Which of these best reflects the correct understanding of this module's approach to "Official Government Website Links"?

A. It provides a single, consolidated list across identity, digital services, rights, welfare, utilities, and emergency categories
B. It only lists websites related to banking
C. It excludes any reference to emergency helplines
D. It duplicates information with no organisational structure

Correct Answer: Option A

Short Explanation:
This module organises official links by category, creating a comprehensive, easy-to-navigate reference across the entire category's scope.

Question 496

Which of these best reflects the correct understanding of why this module avoids introducing brand-new government schemes or institutions?

A. New content is always more valuable than synthesis
B. As a capstone, its role is to consolidate and apply existing knowledge from Modules 1-9, not introduce new material
C. There are no more government schemes left to introduce
D. This module actually does introduce many new schemes

Correct Answer: Option B

Short Explanation:
Consistent with its capstone role, this module focuses on practical synthesis rather than introducing unrelated new content.

Question 497

Which of these best reflects the correct response to a call from someone claiming to be a "government official" demanding immediate payment over the phone?

A. Comply immediately to avoid any legal consequences
B. Treat it with suspicion, since genuine government processes rarely, if ever, demand immediate phone-based payment
C. Provide your bank details to verify your identity first
D. Assume all calls claiming government authority are automatically legitimate

Correct Answer: Option B

Short Explanation:
Legitimate government processes typically don't involve demanding immediate payment over an unsolicited phone call, making such demands a strong fraud indicator.

Question 498

Which of these best reflects the correct understanding of the "master directory" approach used at the end of this module?

A. It organises links randomly with no categorisation
B. It groups official links by theme (identity, digital services, rights, welfare, safety, civic participation) for quick reference
C. It excludes helpline numbers entirely
D. It only includes links relevant to Module 1

Correct Answer: Option B

Short Explanation:
The thematic organisation of the master directory makes it a practical, quick-reference tool spanning the entire category's coverage.

Question 499

Which of these best reflects the correct overall relationship between this module and JanGyan's broader mission?

A. It has no connection to JanGyan's broader citizen education mission
B. It embodies JanGyan's goal of transforming citizen awareness into safe, practical, everyday action
C. It exists purely as a formal requirement with no practical value
D. It contradicts the lessons taught in earlier modules

Correct Answer: Option B

Short Explanation:
This capstone module directly reflects JanGyan's mission of converting citizen education into practical, sustainable, everyday habits.

Question 500

Considering everything in this module and the entire Government Services & Citizen Rights category, what is the ultimate lesson of the "Smart Citizen Guide"?

A. Government services should be avoided entirely due to fraud risk
B. Combining awareness of genuine services, safe verification habits, and proactive document management empowers citizens to navigate government services confidently and safely
C. Only government employees need to understand these concepts
D. Fraud avoidance has no connection to effectively using government services

Correct Answer: Option B

Short Explanation:
The ultimate lesson is that genuine empowerment comes from combining awareness, safety, and proactive habits — turning government services into a source of real, safe benefit for citizens.
